Temporary Electrical Inspector
Development Services

The City of San Antonio is recruiting for an Electrical Inspector (temporary). Under general supervision, is responsible for performing inspection and enforcement work in securing and maintaining compliance with rules and regulations relative to the installation and operation of electrical systems and equipment, including signs and billboards, in accordance with the national electric code and Chapter 10.

Essential job functions include, but are not limited to the following: Performs inspections of new and existing wiring and electrical installations in residences, businesses, public buildings, and other structures for conformance with safety standards, laws, and ordinances; checks existing wiring installations of vacated buildings prior to reconnection to the main electrical service equipment; approves existing installation and requires further electrical work prior to reconnection in accordance with the National Electric Code and Chapter 10; checks plans and workmanship to insure that the electrical work complies with ordinances and regulations; inspects buildings in the process of construction, alteration, or repair for compliance with the National Electric Code, City Ordinances, and conformity with approved plans; inspects electrical installations for completion to ensure that proper materials have been used and that standard workmanship quality requirements have been met; issues verbal and written orders for correction of defects in material workmanship and other violations of codes and ordinances; checks plans and requires changes or additions to electrical engineers or contractors; may assist sign inspectors with the inspection of signs and billboards during installation, to insure that proper materials have been used and that standard workmanship quality has been met, and that the electrical work complies with local ordinances; performs related duties and fulfills responsibilities as required.

This position requires that the candidate possess a high school diploma or a General Education Development (GED) Certificate. Four years of experience as a licensed Journeyman Electrician. Valid Journeyman or Master Electrician's License issued by the City of San Antonio. Must obtain ICBO Certification as an Electrical Inspector within two (2) years of employment. A valid Class "C" Texas Driver's License or ability obtain one within thirty (30) days after becoming a resident of the State of Texas is also required. Use of your own personal vehicle may at times be required and proof of liability insurance will be required. All job offers are pending satisfactory results from pre-employment drug testing, and reference, background and credential verification.

Salary ranges from $13.29 to $19.93/hourly, depending on experience and qualifications.

ONLY PAPER APPLICATIONS ACCEPTED. Apply in person or any of the Community Link Centers Monday through Friday (excluding holidays) from 7:30 AM to 5:15 PM, at the Human Resources Department located at 111 Plaza de Armas in downtown San Antonio. **Open until filled.**
