ENGINEERS

The City of San Antonio is recruiting for Engineers. Under general supervision, these positions are responsible for performing professional work supervising the activities of an Engineering section or division and supervising assigned staff.

Essential job functions may include the following:

1. Supervises professional, technical and other employees in the development, design, construction and maintenance of principal public works projects.
2. Reviews design plans, project specifications and cost estimates, attends review meetings and identified and solves design problems.
3. Approves plans and specifications for construction contracts.
4. Advises other City departments on matters related to technical engineering issues.
5. Requests and evaluates consultant fee proposals. Monitors and approves compensation for professional engineering services.
6. Upgrades new installations involving traffic signs, pavement markings, traffic signals and traffic counting.
7. Reviews bid packages prepared by consultants.
8. Attends pre-bid conferences, analyzes bid results, makes recommendations on accepting/rejecting bids.
9. Assists with budget preparation.
10. Performs related duties and fulfills responsibilities as required.

Required Qualifications will include:

1. Bachelor's Degree in Engineering from an accredited college, university or an engineering school approved by the Texas State Board of Registration for Professional Engineers to include preferable course work in Engineering, Mathematics or a related field.
2. Four years experience in Engineering to include two years in Civil Engineering.
3. Licensed to practice engineering in the State of Texas as a Professional Engineer or must obtain a license to practice in the State of Texas within six months of employment.
4. Knowledge of engineering related computer programs.
5. Knowledge of engineering mathematics.
6. Ability to communicate clearly and effectively, both verbally and in writing.
7. Ability to establish and maintain good public relations.
8. This position requires a valid Class "C" Texas Driver's License or obtain a valid Class "C" Texas Driver's License within thirty (30) days after becoming a resident of the State of Texas.

Preferred Qualifications include:

1. Knowledge of civil engineering principles and practices as applied to municipal public works projects.
2. Knowledge of laws and regulations related to municipal works projects.
3. Knowledge of budget preparation.
4. Ability to supervise, train and evaluate assigned staff.
5. Ability to plan and program engineering work.
6. Ability to conduct engineering research and apply results to engineering problems.
7. Ability to prepare detailed technical reports.
8. Ability to interpret legal documents related to engineering.
9. Knowledge of engineering principles and practices and surveying techniques and practices.
10. Able to read plans, blue prints and communicate clearly and concisely both verbally and in writing.
11. Supervisory experience is highly desirable.

Any applicant selected for employment with the City of San Antonio will be required to submit to pre-employment drug testing with a verified negative result and will be required to undergo a background check as a condition to employment. Applicants may also be required to submit writing samples or other work samples.

The City of San Antonio is an Equal Opportunity Employer.
