Agenda

NOTICE OF PUBLIC MEETING
A MEETING OF THE ANIMAL CARE SERVICES ADVISORY BOARD WILL BE HELD AT
The Animal Care Services Facility, 4710 State Highway 151, San Antonio, TX 78227

On Wednesday, February 16, 2011 AT 6:30 PM TO CONSIDER THE FOLLOWING MATTERS:
ANIMAL CARE SERVICES ADVISORY BOARD MEETING
Sallie Scott, Chair

At any time during the Animal Care Services Advisory Board Meeting, the Board may meet in Executive Session regarding any of the matters posted below in compliance with the Texas Open Meetings Act (Attorney-client, Personnel, Security, Real Estate) under Chapter 551 of the Texas Government Code.

1. Call to Order

CONSENT AGENDA, ALL TO BE DISCUSSED AND VOTED ON AT ONCE:

RECEIVED
CITY OF SAN ANTONIO
CITY CLERK
11 FEB 11 AM 11:43

2. Approval of Meeting Agenda

3. Approval of minutes from November 17, 2010 Animal Care Services Advisory Board Meeting.

REGULAR AGENDA

4. ACS Employee of the Month – *presented by Gary Hendel, ACS Director*

5. Citizens to be Heard

6. Committee/Standing Committee Announcements
   a. Selection of Walk-through participants for next inspection of Main Facility
   b. Selection of Walk-through participant for Southside Facility
   c. Walk-through Report for Main Facility – *presented by Randy Murdock, 5 min.*
   d. Walk-through Report for Southside Facility – *presented by Carole Abitz, 5 min.*

7. Subcommittee Reports
   a. Operations – *presented by Rita Braeutigam 5 min.*
   b. Adoption-Live Release Committee Status Report – *presented by Rita Braeutigam, 5 min.*

8. Brackenridge Project Report – *presented by Gary Hendel, 5 min.*

9. Friends of Animal Care Services Report - *presented by Sallie Scott, President, 5 min.*

10. Consortium of Partners Report - *presented by Gavin Nichols, San Antonio Area Foundation* 5 min.
    Report regarding consortium's community education and awareness campaign on pet owner responsibility, including spaying and neutering; reduction of stray and homeless animals; best practices of animal care organizations; implementation of effective public policy and ordinances; fundraising; and the fostering of further development of consortium partners.

11. Alamo Area Partners for Animal Welfare Report - *presented by Deanna Lee, President, 5 min.*

12. Special Presentation – TNR Program Assessment and Policy Discussion – *presented by Feral Cat Coalitionl, 10 min.*

13. Director's Report - *presented by Gary Hendel, ACS Director 10 min.*
    ACS personnel information; ACS media contacts and coverage of ACS issues; Veterinary Manager's report; Financial report by staff regarding ACS revenue collected, expenditures and donations, ACS Board Financial Disclosure Reports to City Clerk.

DISABILITY ASSISTANCE NOTICE

This meeting site is accessible to persons with disabilities. Parking is available. **Auxiliary Aids and Services are available upon request Interpreters for the Deaf must be requested forty-eight [48] hours prior to the meeting).** For Assistance, Call (210) 207-7245 Voice/TTY.

Esta reunión es accesible a personas incapacitadas. Se hará disponible el estacionamiento. Equipo y servicios adicionales (interpretes para los sordos) se harán disponibles si se pide con cuarenta y ocho (48) horas de anticipación a la reunión. Para asistencia llame al (210)207-7245 por voz/servicio de TTY.

City of San Antonio Animal Care Services
Meeting Minutes

DAY: 1/19/11
TIME: 6:30 pm
LOCATION: ACS - 4710 State Highway 151

Members Present:	Sallie Scott-Chair, Randy Murdock-Vice Chair, Carole Abitz, Rita Braeutigam, Mona Thaxton, , Bill White-Secretary, John Bellet
Members Absent:	Shannon Espy, Pamela Cravets, David D. Garza
Ex-Officio Members Present:	Gary Hendel-ACS Director, Erik Walsh, Charles Pruski.
Ex-Officio Members Absent	

1	Call to order	Meeting was called to order at 6:50 pm by Sallie Scott. There is a quorum present.
2	Consent Agenda	Carole Abitz – Motion to accept the Consent Agenda, Rita Braeutigam 2nd the motion. All members in favor.
3	Approval of Minutes	Carole Abitz – Motion to accept the December 15, 2010 Board minutes, Rita Braeutigam 2nd the motion - All members were in favor and meeting ensued.
4	Employee of the Month	Gary Hendel announced employee of the month: o Dawn Simmons has been with Animal Care Services for 6 months. She was working as a volunteer for a year and a half before she was hired as a full-time adoptions counselor. Due to her previous work and diligence, she is a great assest to the ACS department.
5	Citizens to be Heard	John Bachman o Mr. Bachman stated that there are problems at the adoption center and he has written an adoption report. o He stated that ACS still doesn't have a place to present animals that are adoptable. o Instead of Brooks, we should have adoption centers. o He is asking ACS to consider making a division called live release to include rescues, adoptions and fosters as part of the budget process. o He also suggests to direct people at ACS to come up with a plan to present to budget. o Mr. Bachman is also asking ACS to share with the public, policy changes. o He took exception to last month's numbers of 40% live release. He is looking for full stats not just stats for 1 month. o He also stated that we need an operational plan on how to get to "No Kill".

6a	Committee/Standing Committee Announcements	Shelter Walk Through Report for Main Facility: Mona Thaxton – (Report read and attached) o During the reading of the main facility report, Ms. Thaxton stated that there is poor drainage at the main facility which is a constant problem after it rains; which results in a large puddle between the Administration builidng and the Annex. According to the architect Bill Hensley, trench or other drains are not possible. A suggestion has been made to place a mature tree in the area. o She would like to see 76 acoustic panels added to the puppy kennels and an additional external entry door for the entrance from open area between Annex and Administration building. o Additional guillotine doors would also need to be added to the kennels. o No foot baths observed in rear intake area. o Catery area was closed due to cold weather. o She mentioned that the crematorium in EBI was still out of commission. o Ms. Thaxton strongly suggests better protection from weather for animals awaiting EBI. o Ms. Thaxton suggested for ACS to put heaters in EBI. o The paw print guides on the concrete walkways have partially worn away and would like to see them repainted. Shelter Walk Through Report for Southside Facility: Dr. Shanon Espy (Report read and attached) Dr. Espy found the following deficiencies while performing the walkthrough at the Southside Facility: o There was one kennel with a broken door that she would like to see fixed because 1 run would potentially save 1 more life. o No toys in any of the runs. o No outside water source and suggests that we explore additional water sources. o An additional dryer needs to be added to the facility. o One small refrigerator is needed to place vaccines due to 1 broken out of the 2 there. o A third kennel is not retrofitted to accommodate additional animals at this time. Question and Answer: o She understood that the quarantine animals were going to be moved to the Brooks location to free space at main facility for adoptable animals. What is prohibiting this moving forward? o Gary Hendel stated that a plan to move bite dogs and pitbulls to Brooks is already in place and dogs would be placed there starting on Friday, January 21, 2011. o Rita Brauetigam asked if the transition was also occuring on Friday, Jauary 21, 2011? o Gary Hendel stated that the transition would also take place on the 21st. o Ms. Brauetigam is interested in green sleeves and wanted to know if ACS is going back to using this status. o Mr. Hendel stated that yes we were.
6b	Subcommittee Reports	Rita Braeutigam Operations: Rita Braeutigam – (Report Read and attached) Rita Braeutigam stated that an initial request had been submitted on October 8, 2010 in regards to the proper function of the crematorium until today, January 19, 2011. Therefore she wanted to know why the huge gap of almost 3 months and if we have a plan to service the unit. Questions and Answer: o Gary Hendel stated that there is no local service that can work on the crematorium. He also mentioned that quarterly services needed to be performed at a cost of $3,800 and will be flying down the Florida based manufacturer and supplier APC to repair the crematorium on Friday, January 21, 2011. o Mr. Hendel stated that ACS was looking into getting a service agent on contract. o Carole Abitz wanted to know if ACS had searched locally to service the incinerator. o Mr. Hendel stated that we need to find one that is certified. o Sallie Scott suggested for ACS to call funeral homes in San Antonio and ask who performs the services on their crematoriums. o Rita Brauetigam on behalf of the Board would like for ACS to provide surgical report totals like the one that was provided on the Jan 19th meeting, monthly.
6c	Next Month's Walkthrough Representatives:	Main Faciltiy – Randy Murdock Southside Facility – Carole Abitz

7. Consortium of Partners Report

Gavin Nichols - (Report read and attached)

- Gavin commented that through the month of December, 468 free surgeries were provided by the grass roots clinics.
- He also stated that block walks were conducted before the surgeries took place.
- He is asking the Board to work with City Council especially districts 1, 2, 3, 5, 6 & 7 to get the word out about s/n surgeries.

8. Adoption-Live Release Committee Status Report

Rita Brauetigam- (Report read and attached)

- Rita reported that live release in December 2010 were the highest in one month going back to July of 2008.
- Ms. Brauetigam also stated that intake was at its lowest level since February 2010, the live release percent was the highest and the Euthanasia percent was the lowest monthly percent going back to July 2008.
- She also wanted to know if the rescue policy had been finalized.
- Gary stated that the rescue policy had been finalized.

9. AAPAW Report

Deanna Lee - (Report read and attached)

Deanna Lee reported:

- AAPAW focusing on seeking a cat only adoption venue before cat season starts.
- Ms. Lee also reported that the new AAPAW website phase 1 in scheduled for launching in January with more to come.

10. Friends of Animal Care Services

Sallie Scott - (Report Attached)

- Many members of FACS board met with the design committee on January 5, 2011. This meeting brought about specifics on how to raise money needed for a Gazebo project.
- She would also like to let everyone know that the Texas Federation of Animal Care Societies will be having its annual conference in San Antonio on February 13-15, 2011.

11. Special Board Briefings and Discussion

Gary Hendel (Balancing Animal Care and Animal Control- Presentation)

- The presentation is based on balancing animal care and animal control in conjunction with the institution of humane housing.
- Humane housing means 1 dog per kennel.
- He commented that by creating humane housing we have created more strays.
- Our goals for live release for the year are 70%.
- 46% of the animals that came in December were healthy and social and we adopted 40%.
- Mr. Hendel commented that our budget is only 8.3 Million and new money is the hardest commodity to come by.
- He would like for Board to help him define what to do?

Question and Answer:

- Carol Abitz wanted to know what does "rescue" mean?
- Gary Hendel stated that it means turning animals over to a rescue group.
- Mona Thaxton asked how can we increase the numbers?
- Gary commented that we are developing our foster program by giving presentations to all kinds of people.
- Carole Abitz commented that we should be involved in Fiesta for extra exposure.
- Randy Murdock stated that we can contact Parks and Recreation River Parade and use volunteers to decorate the floats.
- Mr. Murdock also commented if FACS can help in submitting the paperwork this can be accomplished.

12. Director's Report

Gary Hendel (Report read and attached)

- ACS appeared before City Council on Thursday, January 13, 2011 to request approval of a grant application submitted to the Petco Foundation in an amount up to $55,000 to be used in conjunction with matching funds for the purchase of a pet adoption mobile van.
- We are on schedule to have our licensing tag cards in all H.E.B. stores by April 30, 2011 and are still evaluating outsourcing data entry.
- Gary Hendel stated that ACS had handled 85,000 calls mostly strays in 2010.
- He also stated that rabies were alive and well in Texas, especially in bats.
- Mr. Hendel commented that San Antonio had not had a rabies case reported in a domesticated animal since 1994.
- Charles Pruski with SA Metro Health stated that there was 1 case they had handled 2 years ago.

13. Next Meeting Date

February 16, 2011.

14. Adjourn

The meeting adjourned at 8:36 p.m.

EMPLOYEE OF THE MONTH
FEBRUARY 2011

Employee of the Month

January
Joel Skidmore joined Animal Care Services Field division as an Animal Care Officer on June 21, 2011. He takes his job very seriously and is respectful not only to his supervisors, fellow employees but to the animals he serves as well. Officer Skidmore performs his duties to the best of his abilities and beyond. Due to his dependability and hard working efforts, Officer Skidmore is well deserving of the title "employee of the month".

ACSAB Walk-Thru of Brooks Kennels
by Carole Abitz, Monday, Jan 31, 2011, from approximately 10:40 AM - 11:40 AM

OVERALL

Supervisor Deborah DeGuzman and four other ACS staff were working. All of the ACS staff I talked with were cheerful, positive, and willing to answer questions. Most kennels were empty. As noted in last month's
report: all occupied kennels had elevated beds and clean blankets/bedding; all dogs had fresh water and plenty of food; food bowls and drains were clean.

SPECIFICS:

I arrived at the Brooks entrance gate, with appropriate ID (drivers license or military ID), and wearing my ACSAB name badge. When I asked for directions, the gate guard said he'd have to call his dispatch to contact the kennels to have someone come and lead me to the place. He said it would take about 5 - 10 minutes. After some back-and-forth questioning, and about 10 minutes, Rita Braeutigam appeared to lead me back. She said she'd been back there when the call came in and came out to help. Later, I learned that there is an "access list" which only had names of about six people who work with rescue groups. ACSAB members were not on the access list, unless they were one of the six working for a rescue group. Later that day, I had a telephone conversation with Gary Hendel about this situation. If ACSAB members do monthly walk-thrus, all should be included on the access list. He said he would have the access list updated that day.
When that's done, it will eliminate some of the delay and hassle for other ACSAB members doing a walk-thru. I will also provide all ACSAB members with written directions to the facility. That should eliminate all delay and hassle.

At the Jan 19th ACSAB meeting, Gary Hendel said they were moving non-owned bite dogs from the Quarantine kennel at the 151 site to Brooks as of that Fri (Jan 21). As of my walk-thru, there were NO bite dogs at Brooks. Such transfer had been delayed again.

At the Jan 19th ACSAB meeting, Gary Hendel also said they would have a full time vet tech at Brooks. Apparently, that is Deborah DeGuzman, the Brooks supervisor. [She started as a vet tech.]

The day of my walk-thru was warm, with a major arctic blast predicted for the next day and the remainder of the week. I asked about plans to keep the dogs warm. Over the past few months, the staff had realized that the outside doors/panels did not close snugly, especially during high winds. To help remedy that, they purchased PCV pipe and cut it to size, so they can wedge the pipe between the side of the outside cement trough and the door, making the door as snug as possible. They also purchased some insulation and had volunteer help to put the insulation on the end of the kennel that receives the prevailing winds. However, they then realized that some kennels are missing a metal "lip" at the floor which helps make an even tighter seal. Without that lip, there are gaps of a few inches through which

cold air can flow. Because of the number of empty kennels on that day, they could move dogs into kennels with lips for the coming freezes.

I noticed that there was still no covering over the outside walkways between the two kennels and the office. [Gary and I had talked about this when I visited the site with him before it opened.] I asked Ms DeGuzman if there had been any action to cover those walkways. She said she didn't know, but had no problem with them being uncovered. She said if ACS were spending any more money out there, she'd prefer a hot water heater and more kennel insulation.

I also mentioned that, during my visit to the site before it opened, Gary and I had talked about how they would handle a situation if the weather changed unexpectedly and dramatically overnight - if the staff had departed with the outside doors/panels up. He'd said they would have to work out procedures to have an ACO check the facility each night. I asked Ms DeGuzman if they did check; she said she knew they were out there some nights because she could tell if the lock had been opened from how she left it. However, she could not say for certain if they were there every night. Later that day, in my telephone conversation with Gary, I raised this question. He said ACOs were supposed to visit the Brooks kennels twice nightly, but he could not be certain it was continuing, or that there were written procedures. I suggest written procedures include information as to what the ACOs are expected to do by themselves, if they find a problem at Brooks. Also, there should be a log-in at Brooks to document their nightly visits.

There is still only one refrigerator on site. I understand that a replacement small refrigerator for vaccines is to be purchased. I did not get an expected delivery date.

The staff indicated the contractor who cleans the staff porta-potty, cleans it well once a week, as scheduled.

As also noted in last month's report, I did not observe toys in any of the kennels. However, I did spot a large stuffed toy on the ground behind the office, When I asked about it, I was told it had been a snuggle toy for a dog that had demodectic mange. The staff put the toy out there so it would not be given to another dog until they could properly clean it.

In last month's report, Dr. Espy suggested an additional dryer for the facility. I agree. In fact, I suggest another washer & dryer pair. Because of the remoteness of this facility, the staff must be basically self-sufficient. The current washer & dryer are designed for home use, not commercial. They are used daily, especially during the winter, and most loads are blankets. Unless ACS has the manpower, vehicles and funds to transport dirty blankets and clean blankets daily between the 151 site and Brooks if either piece of equipment is broken, the second washer & dryer pair would speed up the task when both sets are working and provide continued capability if either a washer or dryer malfunctions.

I also recommend ACS work to have an outside fenced area to enable some dogs to run outside unleashed. Currently, the dogs only get outside when walked by staff on a leash. [There has been some

discussion of perhaps being able to move some fence in the area that seems to serve no current purpose.]

Submitted by Carole Abitz, Feb 2, 2011

Operations Report
February 9, 2011

The Crematorium:

The crematorium is in working order. Five issues were addressed and have been resolved. Bids have gone out for a maintenance and repair contract. ACS will receive the bids this Friday. The bids will be reviewed and a company will be chosen to complete any upcoming needed repairs and complete quarterly maintenance.

Walkthrough Report of Southside Auxiliary Kennels

Several issues were brought up in the walkthrough report completed by Carole Abitz. The following information addresses those issues:

1. All Board members are now on the SSAS access list

2. Quarantine dogs will be moved to SSAS after pipe insulation is added to the doors to close the gaps where cold air is getting in. The materials were to be delivered today 2/9 and work on the project will begin when the supplies are delivered. The area that is retrofitted to house quarantine dogs was too cold so a decision was made to resolve the problem and then move the dogs over.

3. An ACO is checking on the conditions at SSAS nightly. A sign in sheet is now posted inside the building. This sheet will be used to verify that the facility has been visited.

4. SSAS staff agrees with the suggestion of Dr. Espy and Carole Abitz that an additional washer and particularly a dryer would be helpful. If this is to be considered the first problem to be addressed is the lack of additional plugs.

5. Two suggestions to make improvements to SSAS are a hot water heater and a fenced area where dogs can be exercised. At this time I have no information about implementing these suggestions.

Surgical Totals: November and December 2010- Mobile Van

The average number of surgeries performed in the mobile van for November was 17.

The average number of surgeries performed in the mobile van for December was 15.

The van was in the community performing surgeries 12 days in November and 13 days in December.

Information worth noting on location: on November 3rd the van was at the Frank Garrett Center and 3 surgeries were performed. ACS returned to the same location on December 1st and 8 surgeries were performed. On November 4th the van was at Millers Pond and 6 surgeries were performed. ACS returned to the same location on December 16th and performed 11 surgeries.

ACS Live Release Team
ACS AB Live Release Committee Status Feb 2011

1. FY 2011 YTD Statistics through December (from Kennel Statistics Reports)

Date	Intake	Live Release	Healthy & Treatable Euthanasia	Unhealthy Untreatable Euthanasia	Total Euthanasia	Live Release Pct	Euthanasia Pct
Jan 2011	2,081	699	546	785	1,331	33.6%	64.0%
2011 FYTD	8,276	2,678	2,020	3,252	5,272	32.4%	63.7%
2010 FYTD	6,378	1,704	2,087	2,666	4,753	26.7%	74.5%

Monthly Adoptions: 347 (Down 30 (8%) from previous month)
Total Transfers: 213 (Down 22 (9%) from previous month)
Total RTO's: 139 (Up 24 (21%) from previous month)
Total Offsite Adoptions: 54 (Down 24 (31%) from previous month)
Live Release: 699 (Down 28 (4%) from previous month)
Intake: 2,081 (Up 300 (17%) from previous month)

Healthy & Treatable Intake: 1,296 (Up 206 (19%) from previous month)
Healthy & Treatable Live Release Rate: 53.9% (Down 13% from previous month)
Healthy & Treatable Euthanasia Rate: 42.1% (Up 12% from previous month)

Fiscal YTD Adoptions: 1,315 (Up 511 (64%) from FYTD 2010)
Fiscal YTD Transfers: 850 (Up 425 (100%) from FYTD 2010)
Fiscal YTD RTO's: 513 (Up 38 (8%) from FYTD 2010)
Fiscal YTD Offsite Adoptions: 224 (Up 169 (307%) from FYTD 2010)
Fiscal YTD Live Release: 2,678 (Up 974 (57%) from FYTD 2010)
Fiscal YTD Intake: 8,276 (Up 1,898 (30%) from FYTD 2010)

Healthy & Treatable Intake: 5,024 (Up 1,312 (35%) from FYTD 2010)
Healthy & Treatable Live Release Rate: 53.3% (Up 7.4% from FYTD 2010)
Healthy & Treatable Euthanasia Rate: 40.2% (Down 16% from FYTD 2010)

Notes:

1. The number of monthly adoptions and Live Releases in January were not as high as the record number of adoptions and Live Releases for one month that was set in December, going back to July 2008 when we first started tracking this information.
2. Intake was at its lowest level since February 2010 in December. Since Intake went up in January, the Live Release Percent was lower and the Euthanasia Percent was higher than December. However, Live Release Rate in January is the highest monthly percent going back to February 2010.
3. All of the January indicators are higher than the monthly averages for FY 2011.

The January Live Release indicators are higher, and the Euthanasia indicators are lower, than the monthly averages for FY 2010.

2. The Live Release team met on January 19th and February 8th.
   a. More discussion about the revised Rescue Policy.
      i. Fine tuning of the policy to take out references to fosters, as was agreed at the Rescue Summit.
      ii. Language put in about scheduling site surveys at mutually convenient times.
      iii. Changing the names of the Levels from 1, 2, and 3 to Novice, Experienced, and Advanced.

b. We reviewed and believe we have finalized the Southside Auxiliary Shelter at Brooks City Base Policy.
c. Discussion and Decision about Heartworm Positive Dogs
    i. ACS will make the commitment to offer treatment for adopted heartworm positive dogs.
        1. We estimated that about 300 HW+ would be adopted of the 3,000 animals adopted last year.
        2. It would cost about $100/dog for the treatment, on average.
        3. We would try to get a 3rd party to provide treatment, if possible.
        4. Where does the money come from?
            a. Figure out a way to charge a special account for off-site adoptions—split adoption fee from medical fund donations.
    ii. Provide Immiticide to Rescue groups at cost.
    iii. What is needed
        1. Need FAQ's and training for staff so that all ACS employees can help potential adopters understand that heartworms are not a death sentence, but do require a commitment to treatment. They would also be able to explain the options and how ACS can help with treatment if needed.
        2. Add heartworm treatment information to applicable adoption contracts.
        3. Schedule treatments and follow-up reminders
    iv. This would apply to adopted dogs only (not all dogs).
d. How to Handle Success
    i. An email that was circulated on January 20th was hugely successful in that it generated hundreds of responses by people willing to adopt or foster; and resulted in at least 45 dogs being adopted, rescued, or placed in foster care.
    ii. We recognize that we need better processes for handling the inquiries and for working the dogs up for adoption.
    iii. That will be the big focus of work for the Live Release Committee over the next month.

Friends of Animal Care Services
Report to
Animal Care Services Advisory Board
February 16, 2011

San Antonio Area Friends of Animal Care Services has participated in several Brackenridge Park Pet Center Design Committee meetings and have requested plans and marketing material for fundraising purposes.

"The Link" between animal abuse, child abuse, and family violence was relayed to the public on KENS-TV on the 10:00 news on Thursday, January 27th. Thanks to Lisa Norwood, PIO for ACS, this was made possible.

The Texas Federation of Animal Care Societies' Annual Training Conference was held February 12, 13, and 14th at the Airport Hilton Hotel. Friends of Animal Care Services as a member organization along with Animal Care Services participated in the success of the Conference. Attendees were from all over the State of Texas, learning about innovations in the animal welfare field.

San Antonio Area Foundation
Where Giving and Community Connect

Consortium Animal No Kill Progress Report
January 2011

I. INCREASE COMMUNITY AWARENESS AND OWNER RESPONSIBILITY

Awareness campaign

The Talk About It! campaign will continue in council 2011, but there are not activities to report for January.

The direction of the campaign for this year will be to do public awareness activities at a grass roots level in the geographic areas targeted for spay/neuter by ACS and the spay/neuter clinics that they have contracted to work with them.

Mass media will be limited to any public service announcements slots we can get, or announcements of selected spay/neuter and AAPAW super adoption events. Billboards will be limited to "junior posters" and bus shelters in the targeted zip code areas.

A bigger push will be to find corporate sponsorships and participation in events, such as the spay/neuter week held at McCombs Ford West the week of January 10th and the donation of dinner for four by Rudy's barbecue for citizens who had an animal sterilized at the event.

II. REDUCE THE NUMBER OF STRAYS/HOMELESS ANIMALS

Spay/Neuter

Here are the number of spay/neuter surgeries performed in December 2010 and fiscal YTD through December. All data for January is not available at this time.

In all high-volume clinics in December 2010, we sterilized 3,989 dogs and cats, 99 less than the previous month and 816 more than the same month last year. They have sterilized 12,626 animals in 2011 FYTD, which is a 26% increase over last year. Free surgeries are 10% higher than FY 2010.

In all high-volume clinics for December 2010, we sterilized 353 feral cats, 20 less than the previous month and 98 more than the same month last year. They have sterilized 1,154 feral cats for FY 2011 to date. Feral Cat surgeries are 39% higher than last year.

SpaySA provided 198 surgeries through their MASH clinic in December. ACS performed 208 surgeries in their mobile clinic. SNAP performed 226 surgeries in their mobile clinic. In all, a total of 632 mobile or MASH surgeries were provided in December (versus 212 in December of 2009).

Note that the statistics include surgeries done for Bexar County residents at the Hill Country Animal League in Boerne. They serve several rescue and feral cat groups from Bexar County.

III. PROMOTE BEST PRACTICES AMONG ALL ANIMAL CARE ORGANIZATIONS

Nothing to report

IV. IMPLEMENT EFFECTIVE PUBLIC POLICY AND ORDINANCES

Nothing to report.

V. SECURE NEEDED HUMAN AND FINANCIAL RESOURCES

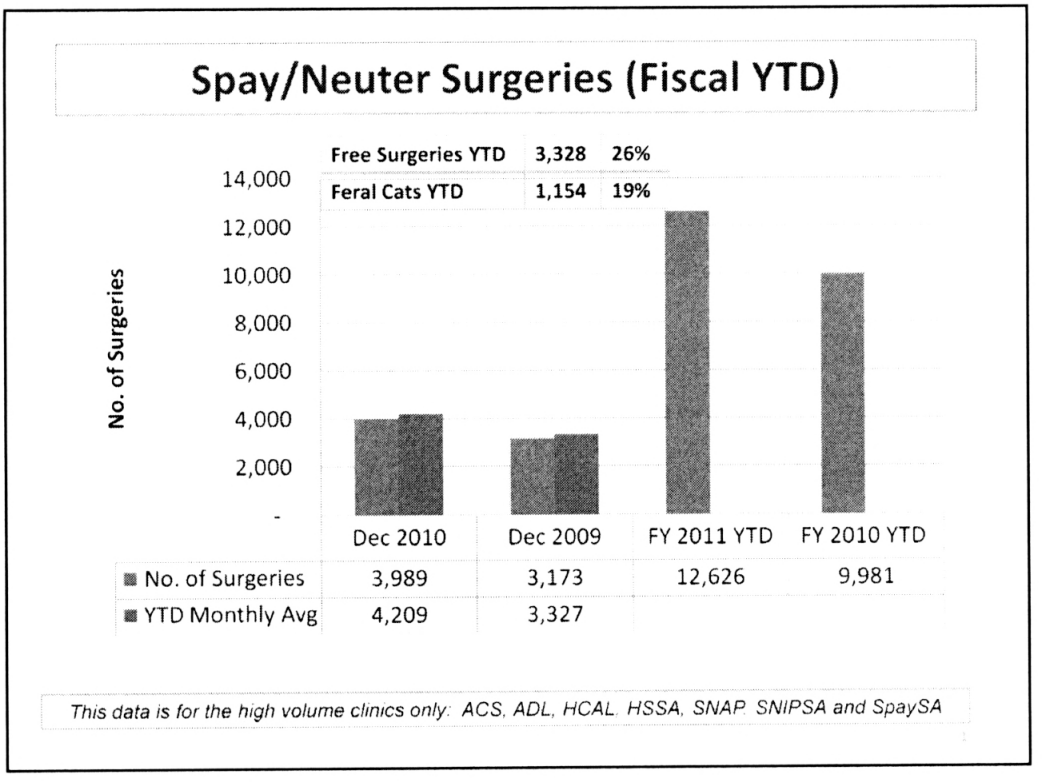
Fundraising

In January, we raised $720 for our Animal No Kill Fund from donations to our Help Make San Antonio a No Kill City Facebook Cause page.

VI. FOSTER DEVELOPMENT OF CONSORTIUM OF PARTNERS

Consortium

The Consortium met on February 8, 2011. The next meeting will be May 11th.



Here are the number of spay/neuter surgeries performed in December 2010 and fiscal YTD through December. All data for January is not available at this time.

You can see that December of this year was higher than December of last year by 816 surgeries. This is a 26% increase over last year.

Free surgeries are 10% higher than 2010 FYTD. Feral Cat surgeries are 39% higher than 2010 FYTD.

SpaySA provided 198 surgeries through their MASH clinic in December. ACS performed 208 surgeries in their mobile clinic. SNAP performed 226 surgeries in their mobile clinic. In all, a total of 632 mobile or MASH surgeries were provided in December (versus 212 in December of 2009).

Note that the statistics include surgeries done for Bexar County residents at the Hill Country Animal League in Boerne. They serve several rescue and feral cat groups from Bexar County.

AAPAW REPORT TO ACSAB
February 2011

1. 84 pets were adopted at 2 Mega Adoption Events in January.

2. Two adoption events are scheduled for February –
   a. Feb 12-13 – PetSmart – 281/Bitters
   b. Feb 26 – Bunk'N'Biscuit – Selma

3. Three adoption events are scheduled for March
   a. Mar 12-13 – Alamo City Pet Expo – Freeman Coliseum
   b. Mar 19-20 – South Texas Motorcycle Show – Freeman Coliseum (tbc)
   c. Mar 20 – Pucks & Paws – ATT Center

4. The Finance Committee is researching and applying for grant opportunities.

5. AAPAW is still looking for opportunities to have a cats only adoption event and needs a cat-friendly indoor venue and sponsor. Ideas/suggestions for venues are welcome!

6. 2011 Action plans are being finalized for programs and committees in alignment with the strategic plan and available resources.

Alamo Area Partners for Animal Welfare (AAPAW) is a coalition of animal welfare organizations, veterinarians, individuals and businesses who have joined together to promote animal welfare, responsible pet ownership, pet adoption and spay/neuter in support of the City of San Antonio's Animal Care Strategic Plan and the No-Kill Initiative. AAPAW is a tax-exempt 501(c)(3) non-profit organization.

City of San Antonio
Department of Animal Care Services
Director's Report
February 16, 2011

Rescue Policy

A public meeting was held on January 16, 2011 to allow input into the ACS Rescue Policy. These suggestions were further revised at the Live Release Committee Meeting on January 19th and a copy of the completed document was distributed to our partners on January 27th. A final review was made on February 8, 2011 by the Live Release Committee and final approval was given.

Grants

- On January 19, 2011 City Council approved an ACS application to the Petco Foundation for $55,000 to help purchase an adoption vehicle. The grant was submitted to Petco on January 26, 2011. We expect to have an answer in approximately six weeks.

- A $4,000 grant through the American Humane Association will appear before City Council for approval on Thursday, February 10, 2011. Once approved by Council, ACS will submit the grant. The grant is for partial funding to cover the Rescue/Foster kennel area.

Strategic Plan

A strategic plan meeting took place on Tuesday, February 8, 2011 with staff from ACS, members of the community, rescues and the San Antonio Area Foundation to review strategic priorities as the community works to achieve the "No Kill" goal. The next meeting will take place in the summer to report on our spay/neuter contracts and performance against the $500,000 that City Council provided for spay/neuter.

Brackenridge Project

The architect, Martha Seng will present a schematic level design review concept of the adoption center and s/n clinic to the Brackenridge design committee on Thursday, February 10, 2011.

Contracts at Purchasing

A crematory maintenance contract was posted for solicitation on February 11, 2011.

Personnel

Made offers to 2 Vet Techs on January 31, 2011 and waiting on another vet tech position to be released by HR before interviews can take place.

Animal Care Services
PIO Report-January 2011*
2-9-11

Peanut (burned Chihuahua)-Animal Care Services has seen widespread and continued interest in the animal cruelty investigation involving a burned Chihuahua. The dog, named Peanut, was lit on fire by his owner who was arrested at the scene. ACS worked in support of the Precinct 1 County Constables office who headed up the investigation. The case has been referred to the D.A.'s office as a felony and will garner further press interest as the case progresses to trial.

Vax clinics- In an effort to reduce disease both in the community and in the shelter, ACS heavily promoted a series of low cost vaccination clinics for the public. The clinics, held in partnership with local vets drew several hundred pet owners to the shelter.

The Link-ACS was able to cross promote stories on the link between domestic abuse and animal cruelty after a high profile arrest in late January. After a local man was arrested for critically injuring his estranged wife's dog during an argument, ACS arranged interviews with Link expert and Advisory Board president Sally Scott.

Olney cats- The department garnered across the board coverage from each local media outlet in connection with an enforcement action on Olney street on city's NE side. ACS cruelty investigators removed more than 20 cats from the home where they were living in horrific conditions. The Hazardous Materials team from the San Antonio Fire department used ammonia detectors to ensure conditions were safe to enter.

Paws for Smiles- ACS had another successful "Paws for Smiles" adoption event in partnership with the Smile Center in early January. In addition to numerous adoptions, the department received several thousand dollars in free advertising courtesy of our partners. ACS is considering additional opportunities to partner with the local dental chain in innovative ways including an adoption event offering "doggie dental" screens to compliment the human checkups taking place.

Animal Care Services generated (27) media stories since the last advisory board meeting January 19, 2010. (5) News releases were issued to local media outlets.

*PIO reports include events/information during the time period between advisory board meetings.
