Temporary Sr. Public Health Nurse
Health Department

The City of San Antonio is recruiting for a Senior Public Health Nurse (temporary). Under direction is responsible for performing public health nursing work functioning as a team leader or nurse specialist in a health facility or clinic. Work involves evaluating patient needs and making care plans to meet those needs. Responsible for assisting the Nursing Supervisor or Clinic Director in analyzing and planning for coordinated nursing services within a designated clinic service area or clinic specialty. Exercises direct supervision over lower level professional and paraprofessional medical staff at assigned clinic.

Essential job functions include, but are not limited to the following: Serves as instructor or group leader of educational projects; identifies the physical, social, and emotional health needs of individuals and families through systematic assessment; counsels clients on examination findings; compiles statistics on services delivered; assists in providing public health nursing services for non-family groups (i.e. child care centers, schools, nursing homes, and industry); team leaders may be required to supervise and evaluate the performance of Public Health Nurse I's, Licensed Vocational Nurses, Community Service Aides, Nurse Aides, and others as required; acts as resource person for the staff regarding department policy and patient care; Nurse Specialist will be required to perform specialized nursing activities in a clinical setting; trains new personnel in clinical services, patient evaluation, formulating care plans, physical assessment, recording, and proper documentation; works with health care professionals from other agencies in coordinating care for clinic patients; shares responsibility in community planning and organizing health services, including identification and interpretation of specific health care needs; develops comprehensive care plans based on the findings of the systematic assessment involving the patient, family, physician, nurse specialist, and associates on the health care team; assists staff nurses in research of abnormal clinical findings and current modes of treatment and therapy; performs related duties and fulfills responsibilities as required.

This position requires that the successful candidate be a graduate from an accredited school of nursing plus two years of full time paid experience as a practicing Registered Nurse. **Or** Bachelor's Degree in Nursing from an accredited college or university plus one year of full time paid experience as a practicing Registered Nurse. **No substitution for education allowed.** License to practice as a registered nurse in the State of Texas; a valid Class "C" Texas Driver's License or ability to obtain a valid one within thirty (30) days after becoming a resident of the State of Texas is also required. All job offers are pending satisfactory results from pre-employment drug testing, and reference, background and credential verification.

Salary ranges from $18.51 to $27.76/hourly, depending on experience and qualifications.

ONLY PAPER APPLICATIONS ACCEPTED. Apply in person or any of the Community Link Centers Monday through Friday (excluding holidays) from 7:30 AM to 5:15 PM, at the Human Resources Department located at 111 Plaza de Armas in downtown San Antonio. **Open until filled.**
