Animal Care Services seeks public input on animal laws, strategic planning to enhance programs

Department to host community meetings to talk revisions and innovation

SAN ANTONIO (February 23rd, 2017)-Animal Care Services will host a series of **public meetings** across the community to discuss **potential revisions to local animal laws** as well as the shelter's Strategic Plan. San Antonio residents are invited to offer input at any of the planned meetings which will take place over the course of the next several months. Staff will gather input on suggested changes to the Chapter 5 animal ordinance as well as feedback on ACS' mission and changing role in the community in light of recent lifesaving and enforcement successes. Animal Care Services year to date live release rate is 90.7% with no reduction in intake. More than 44 hundred citations have been given to animal law violators.
