2007-05-31-0620

Item 33. AN ORDINANCE APPROVING AMENDMENT NO. 2 TO THE LEASE BETWEEN THE CITY AND THE SAN ANTONIO MUSEUM ASSOCIATION, D/B/A THE WITTE MUSEUM, PROVIDING FOR TWO TWENTY-FIVE (25) YEAR RENEWAL OPTIONS ADDED TO THE EXISTING TERM, AND EXPANDING THE LEASED PREMISES TO INCLUDE ADDITIONAL GROUND SPACE NECESSARY FOR THE WITTE'S PLANNED EXPANSION.

Councilmember Perez moved to adopt the proposed Ordinance. Councilmember McNeil seconded the motion.

Mr. Ron Smudy, Assistant Director of Parks and Recreation, reported that currently the Witte Museum has a lease until 2022 with the City of San Antonio. Mr. Smudy stated that this item would add two twenty-five (25) year renewal options and expand the leased premises to include additional ground space for the Witte's planned expansion. Mr. Smudy stated that the Witte Museum currently resides on 4.3 acres; the expansion would add an additional 4.2 acres of land. He stated that the proposed lease would help facilitate the Witte's ability to implement their Master Plan which includes \$40 million in improvements.

The following citizens appeared to speak:

Mr. Larry De Martino addressed the Council and stated that the trees within the confines of Brackenridge should not be cut down to accommodate the Witte Museum Parking Garage. He stated that the lease amendment would give up valuable parkland. Mr. De Martino stated that the public process has been thwarted and that the needs of the people are not being heard. He urged the Council to delay this item to allow the new Council and newly-formed River Commission to oversee a public process where all alternatives can be explored.

Ms. Barbara Witte-Howell addressed the Council and stated that she was a fourth generation River Road Resident. She stated that the duties of the River Road Neighborhood Association were to protect Brackenridge Park. Ms. Witte Howell stated that she represents District 1 on the Parks and Recreation Advisory Board. She noted that an item the Board kept hearing was the City's lack of public parkland. The Parks Board held a Public Hearing recently regarding the Witte Museum Project however; the focus was on the three-story parking garage and its impact on the park. Ms. Witte-Howell urged the Council to postpone said item to give the River Commission time to address the issues.

Mr. Milton Guess addressed the Council and stated that the San Antonio Tourism Council Board of Directors supports staff's recommendation for the Witte Museum. He stated that the Witte Museum is the start of the San Antonio River and that the City could not ask for a better plan for the environment.

Ms. Marilyn Lanfear addressed the Council and stated that the Witte Museum plans to use the 4 acre wooded tract of land to build a parking garage which includes tearing down the trees. She

stated that the mature healthy trees can not be moved and should not be cut down. Ms. Lanfear stated that she was not against expansion and suggested a better place to build a parking garage. She asked the Council to delay said item to give the River Commission an opportunity to hold a public hearing.

Leticia M. Vacek, City Clerk, read the following written testimony from Richard Alles: First and foremost the proposed parking garage requires destruction of over 100 trees, including 54 Cedar Elms as large as 19 inches in diameter, 11 Oak Trees, up to 33 inches in diameter and over 80 other significant trees. The loss of urban parkland and thousands of feet of widely used San Antonio Riverbank works against the park expansion program the City is undertaking. Viable alternatives are available, such as shared parking with AT&T, purchase of nearby underutilized property, and redevelopment from museum use. He asked that the Council vote against the amendments to the Witte Museum lease.

Mr. Sam Dawson, Chairman of the Witte Museum Board addressed the Council and stated that the Witte Museum is a City Facility, not a private facility. He stated that last year the Witte served 210,000 visitors, 89,000 of those were schoolchildren, and 40,000 of those visitors did not pay admission. Mr. Dawson noted that the Witte is old and ready to expand to make it relevant and vibrant for the next 80 years. Mr. Dawson stated that the subject of the parking garage brought about is completely different subject on a different piece of land and is not part of the lease expansion. He stated that the Witte Museum held three (3) Parks Board Public Meetings, three (3) River Road Public Meetings, and various Rotary Meetings. He stated that the Board has been working on the Master Plan for several years.

The motion prevailed by the following vote: **AYES:** Flores, McNeil, Gutierrez, Perez, Radle, Herrera, Guajardo, Wolff, Haass, and Mayor Hardberger. **NAY:** None. **ABSENT:** Hall.
