Councilmember Cibrian moved to adopt the proposed ordinance. Councilmember Herrera seconded the motion.

Ms. Sculley presented the Council with an overview of the FY 2008-2009 Proposed Budget. She noted that Citizen input and Council priorities were integral in the development of the Budget. Ms. Sculley stated that ten public hearings would be held within the next 30 days with adoption of the FY 2008 Budget on Thursday, September 13, 2007.

Ms. Sculley stated that it was anticipated that the City would generate \$852,099,322 in revenues during FY 2008-2009. Of this amount, 58% would be spent on Public Safety. She noted that said revenues would come primarily from CPS Electric and Gas Sales. Ms. Sculley noted that in order to be compliant with the Texas Constitution and with the Property Tax Code, the proposed FY 2008 Budget recommended property taxes being rolled back by 0.624 cents. Local property owners would pay \$57.230 cents per \$100 property valuation in FY 2008. Overall, each property owner would save approximately \$7.00 dollars annually.

Ms. Sculley also noted that the proposed FY 2008 Budget recommended reductions and consolidation of services with no layoffs being recommended.

Ms. Sculley presented the budget video which was shown relative to the proposed FY 2008 Budget. It was noted that said video would be shown at each of the ten public hearings.

The following citizens appeared to speak

Mr. Teddy Stewart, San Antonio Police Officers Association, addressed the Council. He presented a video from a retired emergency dispatcher commenting on the need for more police officers. Mr. Stewart stated that the Police Department needed more funding in order to adequately protect the citizens of San Antonio. He thanked the City Council for being supportive of the needs of the Police Department. Mr. Stewart requested the City find funding to hire 100 police officers per year for the next five years. He provided statistics noting the number of police officers of other Texas cities in relation to the City of San Antonio. Lastly, Mr. Stewart introduced Mr. Rick Ruiz who was recently shot while trying to arrest a suspect.

Sister Gabrielle and Mr. Mike Phillips, COPS/Metro, addressed the Council and spoke in support of funding for education and job training. It was noted that the After School Challenge Program, San Antonio Education Partnership, and Project Quest were extremely important for the City and in helping working families succeed and prosper. Funding in the amount of \$3 million for said programs from the FY 2008 Budget was requested.

Mr. Bob Martin, President of the Homeowners Taxpayers Association, addressed the Council and thanked the Councilmembers that supported tax relief. He stated that the City of San Antonio was the highest taxed city in the State of Texas according to a study conducted by a New York company. He requested the Council reject the proposed tax cut and support a more significant tax cut.

Mr. Jack Finger, P.O. Box 12048, addressed the Council and also spoke on the proposed tax roll back. He requested a real tax cut of at least 10%. Mr. Finger suggested that the City could save money and still provide adequate basic services by not funding the Cultural Arts Department, the Esperanza Peace and Justice Center, and Project Quest. In addition, he recommended the City request the funds loaned to the Metropolitan Planning Organization.

The City Clerk read two written testimonies from Mr. Farris Hodge, Jr., 140 Dora relating to Item 4. He stated that CPS Energy should extend its closing time past 5:00 pm to allow customers to reconnect utilities. Mr. Hodge asked the City Council to draft a memo requesting that the Downtown Social Security Office not be relocated. He recommended disallowing compensatory time, raising salaries by \$2.00 an hour, offering longevity pay, and creating a policy where employees have to be employed 90 days before being eligible for benefits. He also recommended that the City purchase vehicles every other year, hire 500 more Police Officers, pick up trash on Holidays, install filters on computers at the Library, and hire a Wildlife Biologist to look into the pigeon population for diseases.

As it relates to Item 10, Mr. Hodge noted that the redevelopment of Main Plaza was creating traffic and safety issues. He requested lights be installed at Main Plaza to deter crime and loitering.

Councilmember Rodriguez noted that his constituents would rather have more fire and police officers on the streets than the proposed \$7.00 tax savings.

Councilmember Galvan requested that the proposed FY 2008 Budget include upgrades to the West Side YMCA Facility. Councilmember Clamp noted that the tax roll back being offered was a move in the right direction. He also stated that the City needed to develop a Long Term Maintenance Fund for the City.

Councilmember Cortez requested that the proposed FY 2008 Budget include additional funding for basic services, specifically as it relates to increased fire and police protection. He noted that he would continue to support additional funding to address employee compensation, graffiti abatement, job training, as well as District 4 improvement projects. Lastly, he noted that the tax roll back being proposed was not significant enough. However, he realized that it was necessary in order to remain in compliance with State Law.
