CITY OF SAN ANTONIO**

A REGULAR MEETING OF THE CITY COUNCIL OF THE CITY OF SAN ANTONIO WAS HELD IN THE COUNCIL CHAMBERS, MUNICIPAL PLAZA BUILDING, WEDNESDAY, JANUARY 16, 2008 AND THURSDAY, JANUARY 17, 2008.

The San Antonio City Council convened in a Work Session at 3:00 pm Wednesday, **January 16, 2008**, Municipal Plaza Building with the following Councilmembers present: Cisneros, McNeil, Cortez, Galvan, Herrera, Rodriguez, Cibrian, Clamp, and Mayor Hardberger.

1. STAFF UPDATE ON THE FY 2009 AND 2010 CONSOLIDATED FUNDING PROCESS FOR HUMAN DEVELOPMENT SERVICES.

Mr. Dennis Campa, Director of Community Initiatives, stated that the department's goal was to determine how to best utilize City funds so that they benefitted the greatest number of people. Mr. Campa discussed the difference between Restricted and Unrestricted Funding and noted that Restricted Funding made up 43% of the department's resources. He provided Council with a sample ballot and gave an overview of the different services in each of the four categories. Ms. Sculley noted that the Economic Development Department was responsible for Workforce Development portion.

Mr. Campa discussed the Request For Proposal (RFP) Evaluation Process, noting that the process begins with Evaluation Committees which are comprised of funders and category experts. City Staff reviews the RFPs and make recommendations based on several factors including City Council Goals and Objectives, Quality of the Proposal, Availability of Funds, and Past Performance with the City and other funders. The recommendations are presented to the Quality of Life Council Committee and then to the full Council. Mr. Campa concluded with a timeline for the FY 2009 contracts.

Councilmember Cortez requested that his colleagues support senior citizens because they have made the City what it is today. Councilmember McNeil stated the need for extra communication to ensure all agencies are aware of the RFP, noting that every year an agency misses the deadline.

Councilmember Cibrian inquired about funding for the Volunteer Income Tax Assistance (VITA) Program. She also asked if it was possible to increase the dollar threshold and to start a program for City employees.

Councilmember Galvan agreed that the Council should pay special attention to Senior Citizens and stated that education was very important and the City should do everything possible to decrease the drop-out rate. Councilmember Clamp expressed concern with the balloting process because it is to be done individually. Ms. Sculley stated that staff would provide the Council with the requested information before they completed their ballots and noted that there would be another B Session to discuss the results.

Councilmember Herrera asked about the complexity of the tax forms being used at the VITA sites and if the services were available to businesses. Mr. Campa responded that the thirty-one sites use the basic 1040 tax forms and that two of the sites would assist with more complicated forms.

2. A BRIEFING BY THE SOLID WASTE MANAGEMENT DEPARTMENT ON THE SECOND YEAR IMPLEMENTATION OF THE AUTOMATED REFUSE COLLECTION PROGRAM AND THE RESULTS OF AN INDEPENDENT CUSTOMER SURVEY.

Mr. David McCary, Director of Solid Waste Management, stated that thirty-one routes and 75,000 customers had been converted to automated service in FY 2007. He noted that by the end of FY 2008, those numbers should increase to seventy-five and 175,000, respectively. Mr. McCary presented a chart highlighting the benefits of conversion which includes the recycled diversion of 35,867 tons from landfills for a savings of \$717,000, and a decrease of work-related injuries. He stated that the results of the UTSA Culture & Policy Institute Survey conducted in September 2007 were very positive. He noted that 85.3% replied that they were satisfied with automated collection and 84.1% replied that they were satisfied with the mobility of the carts. The survey also showed a 72.3% increase rate in recycling. Mr. McCary noted that the department would be offering 48-gallon carts to senior citizens upon request, as well as a cart roll out program for the Elderly and Disabled.

Councilmember Cortez requested that communication with citizens be provided in English and Spanish and noted citizen concern with garbage pick-up occurring only once a week. Mr. McCary clarified that pick-up was still occurring twice a week, but one pick-up was for recyclables.

Councilmember Cibrian expressed concern with the door hangars noting that last year, only half of the citizens received them. Mr. McCary stated that the tags were going to be generated in-house.

Councilmember Galvan asked if housing projects had been incorporated into the study. Mr. McCary responded that they had not. Councilmember Galvan suggested promoting recycling at elementary schools, stating that children would encourage their parents to recycle.

Councilmember Rodriguez stated that publishing the pick-up schedule in the newspaper would be very beneficial and inquired if the department would continue alley service. Ms. Sculley stated that they were looking at smaller equipment and a joint effort with CPS and SAWS in an effort to continue alley service.

Councilmember Clamp noted that there was only one hazardous waste collection site in San Antonio and asked if this type of collection could be added to the brush collection or if another site would need to be opened. Mr. McCary stated that they were looking at adding a site on the north side. Councilmember Cisneros asked that educational information be included in the City Public Service (CPS) bills.

There being no further discussion, Mayor Hardberger adjourned the meeting at 5:21 pm.
