[Carlos Contreras, Assistant City Manager]

Carlos Contreras presented a Power Point and stated that in October 2011, the City Council had authorized funding in the amount of \$32 Million for the development of VIA's 5-Year Streetcar and Transit Improvement Plan and \$8 Million in 2007 Bond Savings allocated to Alamo Street. He reported that in January 2013, the City Council amended the agreement with VIA to remove the condition of establishment of a Public Improvement District (PID) that would contribute \$15 Million. He stated that there had been Community Opposition to the Streetcar Plan and they had submitted petitions calling for a Charter Amendment to require a public vote for several issues including Streetcar. He noted that the City Council acknowledged the concerns and directed staff to draft an Ordinance which: 1) Withdraws the funding commitment; 2) Redirects funds to Center City Projects; and 3) Establishes a Charter Review Commission. He indicated that a Multimodal Transit Option would be considered with the City's Comprehensive and Transportation Plans and that public input would be a priority in the development of the Plans. He stated that the Charter Review Commission would be charged with bringing forward language to require a vote prior to City Participation in any Streetcar or Light Rail System.

Mayor Taylor called upon the citizens registered to speak.

Mr. Contreras confirmed that they would be voting on the following: 1) Withdrawing the City's Funding Commitment for the Streetcar Project; 2) Redirecting the funds to Center City Projects; and 3) Establishing a Charter Review Commission. Councilmember Viagran asked of the \$32 Million. Mr. Contreras replied that the \$32 Million would be financed through the General Fund and that the City Council would have to approve Bonds over a period of time. He noted that the \$32 Million would be financed over 20 years. Councilmember Viagran commended City Clerk Vacek for her due diligence and thanked Mayor Taylor for bringing the issue forward so quickly.

Councilmember Nirenberg stated that it was important to move onto larger issues such as the FY 2015 Budget and Collective Bargaining. Councilmember Gonzales moved to approve the staff recommendation. Councilmember Saldaña seconded the motion.

He recognized the many individuals that signed the petition but noted that the language should be revised. He asked how the city would fund the recommendations of the Comprehensive Transportation Plan. Mrs. Sculley stated that they would consider it in future Budgets and Bond Programs. Councilmember Lopez spoke of ensuring the will of the people to make investments in the city that will continue growth and management.

She noted that the staff recommendation provided an opportunity for people to vote on the Streetcar Project and acknowledged the effort of the petition drive. She spoke of the Charter Review Commission that would help address the Streetcar Project and other issues that may be necessary to improve the City Charter.

Councilmember Gallagher confirmed that his motion included the staff recommendation with the amendment that the election occur in November 2014.

Councilmember Saldaña expressed concern with the short period of time that the City Council would have to review the ballot language. Councilmember Gonzales stated that she had not seen the recommended ballot language and would like for it to be vetted by the City Attorney prior to being presented to the City Council.

Councilmember Bernal asked of the process to determine the ballot language. Mr. Greenblum stated that he would meet with Representatives of the Streetcar Vote Coalition to work through the language before presenting it to the City Council. He noted that language would have to be approved prior to August 18th as that was the last day to call the election.

Councilmember Viagran confirmed that there would not be a Streetcar Project without a vote of the people. Mr. Greenblum confirmed same.
