

EASTPOINT "PEOPLE POWER" SURVEY STARTS ON 09/12/14

A team of EastPoint residents and student volunteers will be conducting a survey within the EastPoint footprint from Friday, September 12th to Friday, September 26th. The goal is to obtain data using a questionnaire provided by the Eastside Promise Neighborhood (EPN) and Choice Neighborhood Initiative (CNI) programs. Residents from 1200 households located in the area will be surveyed. Watch out, your home may be one! EastPoint is the area of impact of both the EPN and CNI Grants.
