The Bexar County Job Fair for AT&T Center Neighborhoods and Formerly Incarcerated Individuals will provide a forum to connect employers with job seekers, which in turn will positively impact the community.

Bexar County is investing \$100 million in the renovation of the AT&T Center and during the Bexar County bid process, companies are asked if they hire the formerly incarcerated. We are working to build opportunities for local residents and formerly incarcerated individuals to apply for these jobs and others.

Commissioner Tommy Calvert's effective leadership and vision for the community has led to the planning of this event. Bexar County will help to further reduce recidivism and give individuals new opportunities.

**Come meet with local hiring businesses!  
Get connected, get the job!  
Making what seems impossible, possible.**
