¹ Entity. "Entity" means a sole proprietorship, partnership, firm, corporation, holding company, joint-stock company, receivership, trust, unincorporated association, joint-venture, or any other entity recognized by law, including non-profit entities.

²Economic Interest. "Economic interest" includes, but is not limited to, legal or equitable property interests in land, chattel, intangibles and contractual rights having more than de minimis value. Service by a City official or employee as an officer, director, advisor or otherwise active participant in an educational, religious, charitable, fraternal or civic organization does not create for that City official or employee an economic interest in the property of the organization. Ownership of an interest in a mutual or common investment fund that holds securities or other assets is not an economic interest in such securities or other assets unless the person in question participates in the management of the fund. Ownership of stock in a publicly-traded corporation does not constitute ownership if the employee or official owns less than 10% of the voting stock or shares of the entity and the value of the stock is less than \$15,000.
