

Pre-K 4 SA Tuition Program 2014-2015

Who can participate in the Pre-K 4 SA Tuition Program?

Pre-K 4 SA has tuition spaces available for families who do not live within a participating school district or do not meet the eligibility requirements for free prekindergarten according to the Texas Education Agency. There is no minimum or maximum income required to participate as a tuition student.

How do I apply as a tuition family?

All families complete the online Pre-K 4 SA Application, and your application information will be used to determine if your child is a free or tuition student. Tuition families will be selected by the Pre-K 4 SA Lottery on June 10, 2014 and notified of their status by mail on June 13, 2014.

How is tuition calculated?

Tuition rates are calculated on sliding scale based on gross household income and adjusted for household size. Depending on income and household size, families will pay 1, 2, 3, or 4% of their income as annual tuition.
