

*The Art of Storytelling to Enrich Learning
a Series for Teachers PK-3rd grade,
taught by Master Storyteller and Educator, Sue Kuentz*

Storytelling is an engaging, brain friendly way to deliver content, improve comprehension, give children an entry point into new learning and simply grab the attention of students during lessons. Stories are relevant to all subject areas and age levels. Through story, teachers and students increase vocabulary, oral language, communication skills and overall understanding.

You are invited to join educators from across the City of San Antonio in learning more about the art of storytelling and it's application in specific subject areas.

Oct. 25 and Nov. 15 ~ **Storyteller's Club**: attend both days to learn the basics of storytelling; the effective use of props, tools and voice; incorporating storytelling into classroom practice and how to discover/weave a good story. Participants will receive the book "Teaching with Story: Classroom Connections to Storytelling" by Margaret Read MacDonald (8:30-3:30 at Pre-K 4 SA South Education Center, lunch provided)

January 24 - **Storytelling to Enrich Learning in Math and Science**
(8:30-3:30, location to be announced)

February 7 - **Storytelling to Enrich Reading and Writing**
(8:30-3:30, location to be announced)

To register:

email your full name, school, grade level, position and contact phone number and choice of session(s) to PDRegistration@sanantonio.gov

*This PK-3rd grade event is sponsored by Pre-K 4 SA. Attendance is free of charge.
