Local bully breeds make a "pit stop" at SpaySA!
New program will offer 200 FREE spay/neuter surgeries for Pit bulls

Continuing on our quest to reach No Kill by 2012, The City of San Antonio and SpaySA have teamed up to provide free spay/neuter surgeries for hundreds of local bully breed dogs. The free "Pit Stop" clinics are offered for the *first 200 pit bulls* and although dogs may be mixed breeds, they must be predominantly Pit Bull in order to take advantage of these special appointments. Owners should call **351-SPAY (7729)** today to reserve a spot for their bully boy or girl. SpaySA operates the Gladys Harborth Animal Resource Center at 1615 South Laredo Street. Through the generosity of a City of San Antonio grant, SpaySA is targeting neighborhoods and specific breeds throughout the year to help reduce the pet overpopulation in San Antonio.
