

## FOUNDATION OR WARRANTY PROBLEMS?

Development Services has received several requests from homeowners asking the City to assist them in their foundation, warranty requests, and other contract disputes with Centex related to construction defects. Please be aware that the City cannot represent you or provide legal advice. If you need assistance finding an attorney, the San Antonio Bar Association offers a lawyer referral service to help you select a lawyer who best suits your needs. The lawyer referral hotline number is (210) 227-1853 and the San Antonio Bar Association's web site is:
