Fernando J. De Leon, P.E., is the Assistant Director for the Land Development Division. Mr. De Leon started working with the City since 1995 after receiving a Bachelor of Science in Civil Engineering degree from the University of Texas at San Antonio.

Through out Fernando's career with the City of San Antonio, he has worked in various departments (Environmental Services, Public Works and Development Services). After achieving his Professional Engineering (P.E.) License in June 2002, he was promoted with the Development Services Department as Development Services Engineer to manager of the Plans Review Section. He served in that position until July 2006 when he was promoted to the Directors' office as the Assistant Director for the Land Development Division.

He also brings a broad range of expertise from his employment with the Texas Department of Transportation (TxDOT) Laredo District office, from 2001 to 2002, where he worked in the Transportation Planning and Programming Division. Fernando helped in the development of short- and long-term transportation plans for the City of Del Rio and the City of Eagle Pass highway system. He also helped in the coordination of research, administered planning funds and the collection of data about the state highway system.
