Historical Home Research,  
Benton Park West, and Southwest Garden

Edna, a researcher and author, will discuss how to research the history of your home-what records to use and where to find them. She was raised in Freer, Texas, which is in Duval County. She has traveled all over the country, lived in the Midwest for thirteen years, and now resides in the downtown of San Antonio, a few minutes' walk from the Central Library, the Institute of Texan Cultures, and other places she goes to research.
