Routine Maintenance and Building Repairs

Asset Management is responsible for the operation and maintenance of this building and will absorb these expenses. Tenant departments have a Building Maintenance scheduled line item that is debited each month to cover utilities and the services provided by Asset Management. Such services include plumbing, HVAC, electrical, drywall, and all other related structure repairs.

Contractual Services

- **Pest Control** services are provided monthly and on request by Acme Pest Elimination to treat the facility for fleas, roaches, ants, rats, mice, crickets, silverfish, spiders and scorpions).
- **Waste Management**, garbage disposal provided on an as needed basis for an exchange of 30 cu. yd container
- **Lawn Service** provided by R & R Ent. (2x a month from October – March; 4x a month April – September)

OTHER SERVICES

Most tenant departments have a Building Maintenance-Trade scheduled line item within their operating budget to cover additional services charges that are presented below. To schedule these services, please call 207-5600

Special Requests

Tenant departments are able to request office remodels, outlet moves, etc. These types of requests however are outside of routine maintenance and repair.
