

PTAC'S VETERAN'S CORNER

**BUSINESS WORLD
CONTRACTORS**

In honor of our veterans, we dedicate this portion of our website to our veteran-owned businesses.

The City of San Antonio's PTAC is proud to assist our local veteran owned businesses and has received the Center for Veteran Enterprise National Award Recipient for support of veteran-owned small business for 2008.

April 2010

**Veteran Business of the Month —
Business World Contractors, LLC (BWC)**

BWC is a family-owned and operated business based in San Antonio, TX. It was established in 2001 by Carlos Cardenas after a 10 year career in the US Army. It functions as a general contracting firm with turn-key multi-trade teams providing specific construction services. As an 8(a) Business Development Program certified company with the U.S. Small Business Administration, *BWC* is capable of implementing public sector contracts. *BWC's* bonding capacity of \$5,000,000 allows *BWC* to maintain a level of control over quality, schedule, and client relations.

BWC has performed Federal projects across the United States utilizing a network of subcontractors. To establish a wider presence, the company has established satellite offices in Sprakers, NY, Central Point, OR, and Kansas City. As a small, minority-owned, family-operated business, *BWC* is able to offer more than high quality project management and execution. The company also provides the reliability, honesty, and personal interaction that ensure satisfaction at all stages. A firm commitment to each project's success as well as the long-term growth of the business have created positive relationships with all of *BWC's* previous and current clients. For more information visit *BWC's* website at www.bwcsolutions.com.

The PTAC Veteran's Corner was created to promote PTAC's veteran clients who have completed applicable certifications and registrations at the federal, state and local levels. If you would like to be recognized in the PTAC's Veteran's Corner please contact Val Arias at valeria.arias@sanantonio.gov.
