The company has experienced several successes in its short tenure – one specific example includes securing a multi-million dollar employment services contract for a single client.

SeeKing HR began with one employee and has grown to four full time staff members and several project temporaries at the time of this writing. The team has more than 75 years combined experience in the public and private sector specifically within the aerospace, construction, manufacturing, retail, healthcare and warehousing industries.

SeeKing HR is grounded in three fundamentals that drive all aspects of the business: Faith, Passion and Paying It Forward. We have faith in God and in ourselves. We have passion for the work we do and the services we provide. Finally, we believe in Paying It Forward through our actions to clients, customers and the community.
