

TCI CONSTRUCTION-RELATED NATIONAL INSTITUTE OF GOVERNMENT PURCHASING (NIGP) CODES

All notifications from the San Antonio electronic Procurement System (SAePS) are based on NIGP codes. In an effort to maximize small business participation, the City of San Antonio's (COSA) Transportation & Capital Improvements (TCI) Department created a tailored listing of construction NIGP codes anticipated to be used for all COSA capital improvement projects. All construction Prime Contractors and Subcontractors interested in doing business with the City of San Antonio should use the following customized list of construction NIGP codes when registering with SAePS to identify the commodities or services your company provides.

Note: Please do not select NIGP codes for which you CANNOT do business. Failure to select the appropriate NIGP codes will distort the City's analysis of potential vendor availability and may result in a small business compliance goal that is unattainable.

Contractors who need help identifying which construction NIGP codes are applicable to their company should contact the TCI Contract Services Division at 207-2146.
