

# **Audit of the Information Technology Services Department Wireless Network Security Audit**

**Report Issued:** June 17, 2016

The objective of this audit was to determine if wireless access security, policy, and procedures are effectively protecting City resources.

The audit scope covered the City's wireless networks and related security from November 2015 to February 2016. To accomplish our audit objective we conducted interviews, made observations, analyzed security settings, and compared results to security best practices.

This report is confidential and is excepted from public disclosure pursuant to the provisions of the *Texas Government Code Section 552.139. Exception: Confidentiality of Government Information Related to Security or Infrastructure Issues for Computers*, and shall not be distributed publicly.
