The following citizen(s) appeared to speak:

Mr. Philip Ross spoke in opposition to the annexations. He stated his opinion that not one property owner on the south side was in favor of the plan. He further spoke to his concern with proposed annexation notices being published in the Commercial Recorder, of which he does not consider a newspaper of general circulation. He requested a roll call vote on the annexation ordinances.

Mr. Marty Wender, representing the Greater San Antonio Chamber of Commerce, spoke to the Board of Directors’ endorsement of the annexations. He spoke to present and future developments on the south side of the City that would benefit the citizens.

Mr. Ken Brown, representing Rick Shelton, entered a letter into the record which referred to the Sheldon Tract Annexation Area and to the statute in the Texas Local Government Code that protects a property owner’s right to continue to use or to develop property in the manner that was planned prior to annexation. He asked that when zoning is discussed for this particular tract, that the zoning be consistent with the uses that were already planned for the property prior to annexation.

Mr. Habib Ercon, 111 Soledad, representing Continental Homes and ABG, Inc., stated that his clients had not had an opportunity to participate in the development of a service plan as they were only notified three months ago of the proposed annexation. He requested that the proposed annexation of land known as the Kyle Seale/Loop 1604 area be removed from this year’s annexation package and moved to annexation plans for the year 2005.

* * * *

Councilman Castro spoke to a compromise that had been made with residents of the Galm Road/Loop 1604 area regarding a 25-foot strip of land. He added that portions of the area would need to be annexed in the near future.

Councilman Castro offered an amendment to remove Item 44A from the annexation package, which is the Galm Road/Loop 1604 area except for a 25-foot strip of land east and parallel to Galm Road from the City limits line at FM 471 to Government Canyon State Park as indicated in voluntary annexation petition and to include the adjacent right of way of Galm Road. His amendment also included the removal from consideration of Item 44D, which is the annexation of an area known as Stanton Run Subdivision Area Property. Councilman Barrera seconded the motion.

(At this point Mayor Garza was obliged to leave the meeting. Mayor Pro Tem Garcia presided.)

Councilman Sanders spoke to areas within the inner City whose basic needs are not being addressed. He noted that police and fire services are being stretched and that he would not support the annexation plan.

(Mayor Garza returned to the meeting and presided.)

She then read a letter for the record from Congressman Ciro Rodriguez in which he spoke of the plans developed at a recent Southern Sector Strategic Summit and to the Southside Initiative bringing positive growth to the south side.

Councilman Barrera spoke to his support of the Southside Initiative, as it would afford a great opportunity to direct growth to the south side of the City.

Councilman Garcia stated that he could not support full annexation. He noted that, at this point, because of budget shortfalls, the City would need to find some other source of funds.

In response to a question by Councilman Schubert, Mr. Moncivais stated that property owners in the areas that would be affected by limited purpose annexations would continue enjoying the privileges they are presently enjoying. He also added that, at the end of three years if the properties were not annexed, they would go back to their original zoning.
