Mayor Cockrell stated she was honored to have Mr. Morton's beloved wife, Judy in attendance. Mayor Cockrell stated that she came to regard Mr. Morton in the highest admiration because he was always a person who put the City's interest in the forefront.

Mr. Frank Burney addressed the Council noting that this was a time for personal reflection about Cliff Morton. Mr. Burney stated that he met Mr. Morton in 1981. Mayor Hardberger, I think it is a good idea to rename the Development and Business Service Center the Cliff Morton Center, but I write you about renaming the Alamodome after myself, Farris Hodge Jr. Dome. It is normal for buildings to be named for someone after they are deceased, but I believe people should receive their due before hand. The City has named the Nelson Wolff Stadium after Nelson Wolff so why can't I have something named after me. It is important to recognize people for their achievements and efforts in helping the City.

The motion prevailed by the following vote: **AYES:** Flores, McNeil, Gutierrez, Perez, Radle, Herrera, Guajardo, Hall, Wolff, Haass, and Mayor Hardberger. **NAY:** None. **ABSENT:** None.

I want to thank Kevin Wolff for appointing someone on the Affirmative Action Board. The City Council addressed the Affirmative Action Plan and Board for the City and it was not being followed. Many departments look into the fact that they could be integrated. Very few Councilmembers have black employees working for them. I believe that the City of San Antonio employees have subjected themselves to discrimination because they are not in Fire or Police Unions. City employees need longevity pay and early retirement. I believe that the pay scale is not administered in a fair manner.

The Tactical Response Unit (TRU) is in its seventh week of operation and to date they have arrested more than 1,600 persons, 600 of those were felony arrest, 800 narcotic charges, and 185 arrests were gang members. Ms. Sculley thanked the Police Department and the Officers in working to rid the community of crime.

The Police Department announced additional efforts in a proactive way regarding domestic violence, noting that the attempt is to apprehend and arrest abusers. Ms. Sculley stated that there were 14,000 calls for service related to domestic violence in 2006. The city is working in partnership with community based organizations to fight family violence issues in the community.

Dr. Melissa Triple will serve as the Chief Veterinarian for Animal Care Services. Dr. Triple will directly supervise the Veterinary Staff and will play a significant role in assisting the Director with the long-range plan of the new facility scheduled to open later this year. Ms. Sculley announced the Valero Energy Group has provided additional money (\$2,500) to Animal Care Services through a corporation they created. Valero employees raised over \$1,300 to create the Valero Angel Fund to care for animals that otherwise would not be treated or adopted. The Valero Group is soliciting donations off-site to match their donations. The Valero Corporation also collected food, equipment and supplies with an estimated value of \$8,000.

With regards to Graffiti Abatement for the First Quarter of the fiscal year; the City is averaging 78,000 square feet of graffiti that is being painted out on a monthly basis.

Bandit Signs in the community are being taken down and the City is using TVSA Channel 21 an effort to increase community awareness.

Lastly, an article appeared in the Washington Journal about the weather and what the City of San Antonio has done to help people when they are stranded in U.S. Cities. San Antonio was an example of how best to treat visitors when stranded for whatever reason. San Antonio has been able to accommodate people stranded in thousands of hotel rooms. Staff recommends Approval. Zoning Commission recommends Denial.

Mr. John Jacks explained the proposed rezoning cases.

Leticia M. Vacek, City Clerk read written testimony from Lilly Tejada. The written testimony was read as follows:

I am in opposition of the rezoning. The rezoning for a conditional use of a transmission shop directly across the street from a park named after the late Senator Frank Tejada, my son. This would be an eyesore and not consistent with the South Side Master Plan of Low Density Residential. I am in favor of having a rezoning on all three lots to change from C-1 and C-102 to Single Family Residence, which is in the South Side Master Plan for this area. Since this would take some time to implement I suggest the City use Eminent Domain to purchase all three lots and create a park with an abatement wall with shrubs to prevent tagging. Then add a tennis court and few parking spaces with benches and tables (no restrooms to keep the cost down). As far as

funding for this project, the bond issue for streets, sidewalks, and parks can be used for this purpose.

Mr. John Gonzales addressed the Council, submitting packets with petitions for each Councilmember. The petitions reference a comprehensive rezoning for all three properties, 520, 536, and 542 Division Avenue. Mr. Gonzales stated that these lots dictate the South Side Master Plan for this area. Mr. Gonzales added that Mr. Samuel Ramos started building the transmission shop without permits and did not speak with any of the neighbors on how this shop would impact lifestyles.

Mr. Manuel Lemas addressed the Council stating that he owns the lot next door which is West of 536 Division. Mr. Lemas spoke in opposition to the rezoning and requested the Council uphold the Zoning Commission recommendation.

Councilmember Radle made a motion to continue Items P-4 and Z-9 proposed rezoning cases for two weeks. Councilmember Hall seconded the motion.

The motion prevailed with the following vote: **AYES:** Flores, McNeil, Gutierrez, Perez, Radle, Herrera, Guajardo, Hall, Wolff, Haass, and Mayor Hardberger. **NAY:** None. **ABSENT:** None.
