

**STATE OF TEXAS
COUNTY OF BEXAR
CITY OF SAN ANTONIO**

A REGULAR MEETING OF THE CITY COUNCIL OF THE CITY OF SAN ANTONIO WAS HELD IN THE COUNCIL CHAMBERS, MUNICIPAL PLAZA BUILDING, WEDNESDAY, MARCH 5, 2008 AND THURSDAY, MARCH 6, 2008.

The San Antonio City Council convened in a Work Session at 3:00 pm Wednesday, **March 5, 2008**, Municipal Plaza Building with the following Councilmembers present: Cisneros, McNeil, Ramos, Herrera, Rodriguez, Cibrian, Rowe, Clamp, and Mayor Hardberger. Mrs. Vacek reported that Councilmember Cortez was absent due to assignment for Military Combat Training. **ABSENT:** Cortez and Galvan.

2. A STAFF BRIEFING ON THE CONVENTION CENTER EXPANSION STUDY CONDUCTED BY CS&L INTERNATIONAL CONSULTANTS, INCLUDING HISTORICAL PERFORMANCE, NATIONAL STATISTICS, AND RECOMMENDATIONS FOR FUTURE EXPANSION OF THE HENRY B. GONZALEZ CONVENTION CENTER.

Item 2 was addressed at this time. Mr. Michael Sawaya introduced Mr. John T. Kaatz, representing Convention Sports and Leisure International and noted that the last study had been conducted in 1995 with the resulting expansion completed in 2000. Mr. Kaatz presented several charts depicting hall activity, utilization, and occupancy since the expansion. It was noted that the facilities exceeded practical maximum capacity by 6%. He presented results of interviews with current and past facility users which showed that 86% of the users would utilize the Henry B. Gonzalez Convention Center again.

Mr. Kaatz provided an analysis of industry trends, noting that there has been a steady increase in tradeshow space over the past twenty years. He presented a chart of comparable sellable space in large cities across the country and noted that Orlando, Florida had overgrown. He stated that San Antonio would not run into similar circumstances due to Orlando's remote location of their facility. Lastly, he summarized proposals for Phase I and Phase II Improvements to be made to the Convention Center.

Councilmember McNeil asked if the City has turned people away from using the Convention Center and how the expansion would be financed. Ms. Sculley stated that staff tries to accommodate all requests, but in some cases have to suggest other locations due to availability or size. She added that the expansion would allow for multiple events. She noted that the Hotel/Motel Occupancy Tax would finance the expansion. Councilmember McNeil suggested that Public Works look into making Commerce Street a two-way street. Ms. Sculley noted that a traffic study was underway and this could be included.

Councilmember Cibrian requested information on other cities and whether they were expanding. She noted her support for the expansion but expressed concern with the Convention Center being land locked. Mr. Kaatz stated that when San Antonio reaches full occupancy after Phase II, they would have the ability to practice yield management, which is good because it will allow San Antonio to be selective with the events that come to the city.

Councilmember Clamp noted his support for the expansion and asked if other projects would receive funding from the Hotel/Motel Tax. Ms. Sculley replied that the tax is used primarily for tourism and facility improvements. Councilmember Ramos asked if the SAWS property was for sale. Mr. Sawaya replied that the City had acquired that property in 2004 and was looking at developing it for parking.

The Mayor and Council thanked Mr. Kaatz for his presentation.

1. A STAFF BRIEFING ON THE CONSULTANT SELECTION PROCESS FOR PROGRAM MANAGEMENT, ENGINEERING DESIGN, AND ARCHITECTURAL DESIGN SERVICES FOR CAPITAL PROJECTS INCLUDING THE 2007-2012 BOND PROGRAM AND OTHER PROJECTS INCLUDED IN THE CITY'S SIX (6) YEAR CAPITAL IMPROVEMENTS PROGRAM.

Mr. Mike Frisbie provided an overview of the \$550 million Bond Program. He presented a break down of projects and the amount designated for each. He addressed the Contract Review Task Force's recommended areas for improvement and noted what had been implemented and completed. Mr. Frisbie spoke of the various challenges and opportunities of undertaking a large Bond Program, including the task of designing 121 projects, remaining on schedule and on budget, and dealing with market fluctuations. Possible solutions to these issues include fully engaging consultants, spreading work, and approving all consultants at one time.

Mr. Frisbie stated that in November 2007, three Requests for Qualifications (RFQ) were issued for the following: 1) Program Management, 2) Engineering Design, and 3) Architectural and Landscape Architecture Design. He noted that 124 submittals were received - 12 for Program Management, 63 for Engineering, and 49 for Architecture. Mr. Frisbie reviewed the score chart for the Design Consultant Selection Process. He stated that contracts had not been negotiated for either of the RFQs and that overall, eighty-one prime consultants were selected, 56% being local/SBEDA firms. Mr. Frisbie explained that the department would be seeking approval of Consultant Selections and direction to negotiate and execute the contracts on March 13, 2008. The decision to include all projects in one ordinance was to expedite project delivery, ensure consultant availability, maintain cost-effectiveness, and save Council and Staff hours.

Councilmember Herrera stated that she was pleased to see a high percentage of SBEDA firms and asked of the ordinance prohibiting Councilmembers being contacted by the bidders. Ms. Sculley noted that once the results become public, contact is permitted and that Council would be given a week between the B and A Sessions to address issues that may arise. Councilmember Herrera asked if staff had investigated the Owner Controlled Insurance Program, a program where the City would be responsible for insuring their contractors. Mr. Frisbie stated that they are in the process of evaluating the program.

Councilmember Clamp asked who would ultimately be responsible for the projects. Mr. Frisbie stated that no one wanted consultants reporting to other consultants so the three Project Management Firms would report directly to him and Mr. Kent Hickingbottom. He noted that there would also be City Staff assigned to each project. Councilmember Clamp asked if the consultants would be paid based on performance, fee, or a combination. Mr. Frisbie replied that it would vary by consultant. Councilmember Clamp asked what would be done with saved monies and who would define the scope of the projects. Ms. Sculley stated that savings could be used to offset overages on other projects or to pay off debt. Mr. Frisbie stated that staff would meet with the consultants for an initial scope meeting and the consultant would write a proposal with a determined fee. Councilmember Clamp added that the

Project Management and Design Guide Manuals, which had not been completed, would be valuable in guiding this and future Bond Programs.

Councilmember Rodriguez stated that the interview process was subjective and noted the drastic range in scores. Mr. Frisbie stated that each company invited to an interview was told what the City would be looking for in their presentations and some companies did not address those issues. Councilmember Rodriguez stated that he would like to see SBEDA points in both the initial scoring and the interviews.

Councilmember Rowe asked the purpose of having both an initial evaluation and an interview. Ms. Sculley replied that sometimes a firm looks great on paper and has an excellent reputation, but the interviews are an opportunity to meet with local representatives who will be working on the project on a daily basis.

There being no further discussion, Mayor Hardberger adjourned the meeting at 5:10 pm.

The San Antonio City Council convened in a Regular Meeting on Thursday, **March 6, 2008** at 9:00 am in the City Council Chambers.

CITIZENS TO BE HEARD

Mr. Robert Ritterbach addressed the Council in regard to exemplary City Staff mentioned by name as follows: Patsy Delgado and Monica Aguilar, City Manager's Office; Chris Callanen, City Council Offices; Francisco Molina and Leticia Vacek, Office of the City Clerk; and Wilson Plunkett and Dan Stanford, Library.

Mr. Nazirite Ruben Flores Perez stated that he had chosen the story of Jonah to relay to Council because it reflected his current situation. He quoted scripture and noted that he had been to the Capitol to teach the Bible.

Mr. Mark Perez claimed that Fire Prevention Division had done nothing about a facility that he reported as having numerous code violations. He stated that Hazmat Personnel closed the facility in 2007 and the City should make it a priority to find companies in violation of the code.

Ms. Julie Iris Oldham stated that when she requests open records she receives letters telling her they are not available. She stated that she was not allowed to participate in activities at the Bob Ross Center because someone had made false accusations against her.

Mr. Henry Rodriguez, Mirasol Task Force Member, stated that he supported the Mirasol Residents and noted that he had missed a meeting earlier in the day because of work. He stated that he had respect for all of the Task Force Members and that KB Homes should be held responsible for their mistakes.

Mr. Pancho Mendoza addressed the Council and recited poetry before the Council which he had written.

Mr. George Alejos, an Alternate on the Mirasol Task Force, read a letter addressed to Senator John Cornyn from Mark Studdert, General Deputy Assistant Secretary for Congressional and Intergovernmental Relations in the Department of HUD. He stated that the letter was incorrect in that the residents were unhappy with the Task Force and wanted it dissolved. He asked where the \$1.7 million mentioned in the letter had been utilized.

Ms. Catrina Jacobo stated that the Mirasol Task Force and SAHA were wasting tax payer money. She noted that they were paying \$70,000 a month for various legal services, while KB Homes stalled by filing injunctions. She presented photos of her home and stated that her home was no longer under warranty.

Ms. Janet Ahmad stated that the only thing the Mirasol Task Force has accomplished is confirming something is wrong. She noted that the residents had received a list of places where they could move to,

but none of the homes on the list were vacant. She also inquired about the \$1.7 million spent on repairs and asked why the money had not been spent on decent housing to begin with.

Mr. Guadalupe Lopez stated that the new Commissioner, Mr. Cavazos, seemed genuinely interested in helping the Mirasol Residents. He stated that the Task Force should be dismantled because they were ineffective and that the residents would rather work with Mr. Cavazos directly.

Ms. Petra Maldonado noted that the rules being enforced on Mirasol Residents varied from house to house. She stated that Council needed to put some pressure on SAHA because the residents were being blamed for not cooperating and she was tired of being pushed around.

Mr. Faris Hodge, Jr. stated that something needed to be done about the Mirasol situation and spoke against relaxing term limits. He stated that the AT&T Center overcharged on their concessions, noting the cost of beer at \$8.00, popcorn at \$10.00, peanuts at \$5.00, and pretzels and water at \$3.50 each. He suggested that the motorcycles that go to auction be utilized in school districts and noted that the inspection stickers on City Hall elevators were overdue since February.
