1. BRIEFING ON THE RESULTS OF A COMMUNITY SURVEY AND PROGRAM RECOMMENDATIONS REGARDING THE STATUS OF WOMEN AND GIRLS IN SAN ANTONIO.

Ms. Sonia Rodriguez, Chair of the Mayor’s Commission on the Status of Women (MCSW), presented *Raising a World Class Workforce*. She provided background information on the MCSW, noting that it had been created in 1970 and was charged with advising the Council on matters affecting the employment opportunities, education, social, civic and political participation of women. She stated that through their work, they found that the more women were educated, the greater likelihood that they would become healthy, productive, contributing members of society. She noted that the greatest role model for a child’s success in school was the education of his mother. She added that education levels influenced lifestyle choices, knowledge and understanding of health issues, and health-related decisions that people made.

Ms. Rodriguez outlined various challenges, of which 38% of households headed by women in San Antonio had incomes below the federal poverty guidelines. Additionally, in 2006, 28% of all births in San Antonio were to mothers with less than a high school degree or GED. She noted that of the 301,175 students in the public school system, 51% were considered at-risk for academic failure. She highlighted strengths including the fact that women make up 51.6% of the City’s population and currently hold 43% of the elected offices in San Antonio. She noted that in the last ten years, the percentage of majority women-owned businesses increased by 65.5%.

Lastly, Ms. Rodriguez provided budget recommendations to continue efforts to raise a world class workforce. She advocated in funding programs such as *Bridges to Work* that target teen moms to return to school, and San Antonio College’s Women Center for expanded job training opportunities. She stressed the importance of Interdepartmental Coordination and suggested that youth be introduced to health and wellness opportunities through the Summer Youth Employment Program, After School Challenge Program, Kid Quest, Library Youth Program and the Youth Services Division. She stated that MCSW would commit to facilitating community collaboration to promote results and would serve as an accountability partner to the Mayor and City Council and City Staff.

The Mayor and Council thanked Ms. Rodriguez and the entire MCSW for their work and willingness to serve.

He outlined key results of the BRE Program noting that there had been 146 BRE visits over the last 15 months and staff had visited companies in 10 different targeted industries. He mentioned three BRE Success Stories – KLN Steel, Hill Country Bakery, and Capital Group.

Item 4. CONSIDERATION OF THE FOLLOWING ITEMS RELATED TO CAMP BULLIS:

2008-08-07-0034R
A. A RESOLUTION OF SUPPORT FOR INITIATIVES TO PRESERVE CAMP BULLIS.

2008-08-07-0633
B. AN ORDINANCE AUTHORIZING THE SUBMISSION OF A U.S. FISH AND WILDLIFE SECTION 6 GRANT APPLICATION TO THE TEXAS PARKS & WILDLIFE DEPARTMENT AND ACCEPTANCE, UPON AWARD, OF UP TO $2,500,000.00 TO UNDERTAKE A REGIONAL HABITAT CONSERVATION PLAN; AUTHORIZING THE
REQUIRED 25% LOCAL MATCHING CONTRIBUTION UPON AWARD OF GRANT FUNDS.

Deputy City Manager Pat DiGiovanni provided background information on the Joint Land Use Study for Camp Bullis noting that the study had commenced and was estimated for completion in April 2009. He stated that there were several short-term concerns that had been identified that could degrade the mission at Camp Bullis and that urgent action was necessary to address said issues. Mr. DiGiovanni outlined the Camp Bullis Proposed Action Plan and identified seven initiatives to preserve Camp Bullis. They included: 1) Camp Bullis Notification Process within five miles, 2) Dark Sky Ordinance, 3) Regional Habitat Conservation Plan (RHCP), 4) Camp Bullis Transportation Plan, 5) Community Outreach, 6) Endangered Species Assessment, and 7) Legislative Priorities. He explained each one in detail and stated that staff recommended approval.

In regard to the submission of a U.S. Fish and Wildlife Grant Application, Mr. DiGiovanni stated that it required a 25% local matching contribution of which the City’s portion was estimated between $250,000 and $312,500. He added that staff would coordinate with Bexar County to be the co-applicant for the grant.

Ms. Jean Krejca spoke in support of said item. She stated that she was a Biologist with Sierra Environmental and offered her expertise having worked for the U.S. Fish and Wildlife Service for many years. She noted that she was familiar with the permit process from an applicant perspective and that she was in the midst of performing a Regional Habitat Conservation Plan in Hayes County.

Ms. Kathleen Murray stated her support for said item.

Mr. Jack M. Finger spoke in opposition to said item. He expressed concern that the City did not have funds to purchase the area surrounding Camp Bullis and had to piecemeal ideas to protect it. He stated that noise from nearby residences was a greater issue than lighting when it came to nighttime medic training.

Councilmember Cibrian reiterated the importance of the protection of Camp Bullis and highlighted various initiatives of the Camp Bullis Joint Land Use Agreement Study. Councilmember McNeil asked if the Military had agreed to all said initiatives. Mr. DiGiovanni stated that the Military was in full support. General Robert Murdock, Director of the Office of Military Affairs, requested a resolution of support for the partnership of the City of San Antonio in the 2008 Lackland Air Force Base Joint Land Use Study. He stated that there was a Joint Land Use Study at Camp Bullis and said item would be the same for Lackland Air Force Base. He noted the significant growth at Lackland and the increase in operations at the Port of San Antonio which impact Lackland operations. General Murdock stated that the County would provide the 10% match for the Lackland Air Force Base Joint Land Use Study so there would be no impact to the City’s General Fund. He noted that the selected contractor would begin work on the study in late November or early December.

Councilmember Cortez expressed support for the Resolution and noted that he served on the Joint Land Use Study Committee. Councilmember Cibrian also noted her support and thanked General Murdock for all of his efforts with the various military installations.

Item 6. A RESOLUTION ACTING ON THE RECOMMENDATIONS OF THE HEAD START POLICY COUNCIL AND THE QUALITY OF LIFE COMMITTEE REGARDING HEAD START PROGRAM APPLICATIONS AND APPROVING RELATED ACTIONS.

Mr. Dennis Campa, Director of the Department of Community Initiatives (DCI), presented recommendations for Head Start Year 2009-2010 contractors and requested approval to begin contract negotiations with said contractors. He outlined the RFP Timeline and noted that a total of 21 proposals had been received in six service categories. He added that services would be provided throughout San Antonio and Bexar County and that negotiations would occur regarding the number of children served, Head Start hours of care, and the budget.

Mr. Campa reported that all proposals had been reviewed and scored by 11 committee members. He noted that scores were submitted individually but final average scores had been reviewed by the entire committee. He stated that each committee member had spent between 50 to 60 hours evaluating and discussing proposals and that the Economic Development Department had provided SBEDA scores for each applicant.

Mr. Campa stated that two of the proposed contractors presently provided Head Start Services through Pre-Kindergarten programs for three and four-year old children. He noted that the proposed contractors had demonstrated the capacity to make the transition to meeting and exceeding national Head Start standards and added that they were also experienced in providing critical services to families and children.

Mr. Campa outlined the recommendations, noting that the four contractors selected for Education and Early Childhood Development Services were: 1) Education Service Center Region 20, 2) AVANCE San...
Antonio, 3) Edgewood Independent School District, and 4) San Antonio Independent School District. He stated that the Center for Healthcare Services (CHCS) was being recommended for Child Mental Health and Disability Professional Services, while University Health Systems (UHS) was being recommended for Child Medical Professional Services. He added that Metro Health would provide dental and medical services to Head Start Children and would assist in the coordination and monitoring of child medical services provided by UHS. He stated that Family Services Association and AVANCE San Antonio were recommended to provide Family and Community Support Services. Lastly, the Education Service Center Region 20 was being recommended for Training and Technical Assistance Professional Services.

Mr. Campa stated that DCI would add sufficient staff to monitor and ensure that the high standards of Head Start were satisfied and would provide monthly and quarterly updates to the Policy Council and the Quality of Life Committee on the status of Head Start. He noted that Parent Child Incorporated (PCI) had submitted two support service proposals which were not recommended for funding and had not applied to provide Education and Early Childhood Development Services. He added that their contract would end on January 31, 2009. Mr. Campa stated that a reasonable transition period would be negotiated with PCI and the new contractors in an effort to minimize disruption to children and families and to allow sufficient program planning and implementation time for new contractors.

Mr. Campa noted that according to Head Start Federal Regulations, a reduction or elimination in funding allowed PCI the right to appeal and a final decision would be made by Health and Human Service Region VI. He stated that the RFP Applicants had indicated that they would give priority in hiring eligible PCI Employees and that skills development and transition plans would be implemented for any displaced workers. He outlined next steps including the negotiation of contracts, transition planning and the appeal process.

Mr. Charles Tate of the Head Start Policy Council expressed concern that PCI had been treated unfairly throughout the RFP Process. He stated that the City had not taken responsibility for the issues with PCI. He added that it was a conflict of interest for Dr. Walker and Dr. Mayberry to be a part of the evaluation team for the RFP.

Ms. Toni Reyes, a PCI Union Representative, spoke in support of PCI. She noted that she had attended the Quality of Life Meeting and expressed concern with the information presented and the displacement of 1,500 PCI Employees. She stated that many PCI Instructors had Masters, Bachelors, and Associates Degrees and could possibly get hired by the new contractors but there were 258 others who may not be eligible.

Dr. Elizabeth P. Garza, Superintendent of the Edgewood Independent School District, expressed pleasure that young children would be introduced to the School District Educational Process at an early age and parents would be engaged as partners in the education of their children earlier in their child’s school career. She noted that the Head Start Program would allow Edgewood to offer preventive medical, dental, and mental health services to children. She added that they looked forward to working with the other recommended organizations and school districts in this effort.

Mr. Daniel Gonzales, Parent Child Incorporated (PCI) Employee, spoke in opposition to said Resolution. He stated that he had worked for PCI for over 30 years and served on numerous committees involved in improving the quality of care for children. He expressed concern with the reduction of hours
of daily Head Start Child Development Care from nine hours to six hours and added that child development standards were being lowered.

Dr. Sharon Small, CEO of PCI, spoke against said Resolution. She expressed disappointment with the process and specifically, the negative press that PCI has received. She stated it would affect the Head Start Program for the coming school year. She made reference to the consultants on the RFP Evaluation Team who were on the DCI Payroll, noting it was a conflict of interest. She added that she had only worked with PCI for two years and that was not sufficient time to make all of the necessary corrections and improvements.

Ms. Louise Beldon, AVANCE Board Member, spoke in support of AVANCE and their programs. She stated that AVANCE had a proven record in working with the City and that AVANCE was a great fiscal steward in the use of City funds. She noted that AVANCE was excited with the recommendation of the Quality of Life Committee and working with the children and families in the Harlandale Independent School District.

After lengthy Council discussion, Councilmember Herrera moved to approve the proposed Resolution. Councilmember Cibrian seconded the motion.

The motion prevailed by the following vote: **AYES:** Cisneros, McNeil, Ramos, Cortez, Galvan, Herrera, Rodriguez, Cibrian, Rowe, Clamp, and Mayor Hardberger. **NAY:** None. **ABSENT:** None.
