ABSENT: Rowe. Ms. Vacek reported that Councilmember Rowe was ill and would not be in attendance.

1. STAFF BRIEFING AND POSSIBLE COUNCIL ACTION REGARDING FY 2009 GENERAL FUND REDUCTION ALTERNATIVES THAT WOULD ALLOW THE REDIRECTION OF RESOURCES TO FUND UP TO $15.3 MILLION IN IDENTIFIED FY 2009 GENERAL FUND STREET RELATED MAINTENANCE PROJECTS; AND/OR POSSIBLE ADDITIONAL ALTERNATIVES TO THOSE REDUCTION PROPOSALS.

Ms. Sculley stated that staff would provide FY 2009 General Fund Reduction Alternatives that did not include the Police or Fire Departments. Mr. Peter Zanoni presented three options for reductions to the FY 2009 Budget: 1) Defer up to $15.3 million in street-related infrastructure improvements; 2) Implement up to $15.3 million of the presented $20.6 million of the reduction alternatives; or 3) A combination of Options 1 and 2.

Mr. Zanoni stated that the FY 2009 Adopted Budget was balanced and would remain balanced through September 30, 2009. He reported that General Fund Revenues were projected to be below the planned budget amount by $49 million and that the FY 2010 General Fund Budget was projected to have a shortfall of $11.2 million.

Mr. Zanoni stated that Moody’s had assigned a negative outlook for local governments with property tax supported debt. He explained that rating decisions over the next 12 to 18 months would include an analysis of local government’s budget and fiscal actions including their Financial Reserve Levels.

Mr. Zanoni spoke of the staff recommendation to defer street-related infrastructure improvements to include $14 million in one-time funded street maintenance projects and $1.3 million in one-time funded pavement marking enhancements. He noted that there would be no impact to the $21.7 million FY 2009 Base Budget Contractual Street Maintenance Program or the $1 million Pavement Markings Program. He reported that if revenue collections were higher than anticipated, funds would be allocated toward the deferred street improvements. He added that the projects deferred would not be delayed for more than six months.

Mr. Zanoni explained that the Street Maintenance Program Budget had almost doubled over the past five years and provided an overview of the services provided. He stated that in February, 2009, $30 million had been allocated toward the Capital Improvement Program/Infrastructure Management Program.
through a bond balance amendment. He reported that a total of $138 million had been directed toward Infrastructure Improvements in FY 2009.

Lastly, Mr. Zanoni provided an overview of alternative reductions that would impact 19 City Departments and 500 City Positions. He noted that if implemented, they would decrease the services currently provided.

She noted the importance of having a balanced budget for the next City Council and asked that all review the alternative reductions to provide recommendations for possible cuts.

Councilmember McNeil asked of the possibility of deferring 50% of the street maintenance projects and reducing next year’s beginning balance. She noted that she could not support any of the other recommended cuts at this time. Councilmember Ramos stated that it was a difficult decision but mentioned that the deferral of street maintenance would merely defer projects. She also spoke in support of a 50% street maintenance deferral and 50% in other alternative reductions.

Councilmember Galvan expressed concern with the alternative recommended cuts and with deferred street maintenance due to the critical infrastructure needs of District 5. She asked that staff review other possible budget reductions. Councilmember Rodriguez spoke in support of 50% street maintenance deferral and 50% in other alternative reductions. Councilmember Clamp also spoke in support of 50% deferral of street maintenance and 50% in other alternative reductions. He stated that additional budget cuts would be necessary in the future.

He mentioned that he was in support of including a Cost of Living Adjustment in the FY 2010 Budget for all City Employees. Councilmember Cisneros expressed support for the staff recommendation to defer street maintenance and noted that projects were not being eliminated only delayed.

Mayor Hardberger stated that he was in support of the staff recommendation to defer street maintenance. He noted that more funds had been allocated toward street maintenance than ever before and that the projects would be addressed in six months or less.
