Item 4. SECOND PUBLIC HEARING ON THE NEED TO CONTINUE THE CITY'S YOUTH CURFEW ORDINANCE AND CONSIDERATION OF AN ORDINANCE MODIFYING, READOPTING, AND CONTINUING THE ORDINANCE IN EFFECT.

Assistant Police Chief Harry Griffin stated that a Youth Curfew Ordinance had been approved in July, 1991 and that Police Officers enforce the following: 1) Ordinance applies to youth ages 10-16; 2) Issuance of a warning citation and reconnect the youth with the parent; 3) Direct the youth to go home if parent cannot be located; and 4) On the third violation, a Municipal Court Violation is issued. He noted that there were nine defenses. He explained that the Texas Local Government Code required

municipalities to review and renew the ordinance and conduct public hearings every three years. He recommended the following changes: 1) Hours of enforcement changing from 10:30 pm – 6:00 am to 12:00 am – 6:00 am 365 days of the year; and 2) Defenses will be amended so that parents may send their child on an emergency errand.

Chief Griffin reported that the Departmental Policy would be revised so that if a parent cannot come to the location in violation of the youth curfew ordinance, the Officer will transport the child home. If the parent cannot be located, the child will be transported to the SAPD Youth Services Office. Within six hours, any youth whose parents have not been located will be transported to a state licensed facility. He noted that there would be increased cooperation with community partners to include Bexar County Juvenile Department, Department of Community Initiatives (DCI), Municipal Court, Child Protective Services, and the Roy Maas Youth Alternative Center. Lastly, Chief Griffin provided statistics for SAPD's Youth Curfew Ordinance for 2007 and 2008 noting that a majority of citations had been issued in the Downtown Area.

Mayor Castro stated that the Texas Local Government Code requires the City to hold a public hearing on the need to continue the Curfew Ordinance. He declared the public hearing open and asked for testimony from all persons wishing to comment on the matter. He noted one written testimony had been received and that no person had registered to speak on the matter.

Ms. Vacek read a written testimony from Faris Hodge, Jr. stating that the public hearing should be held at 6:30 pm.

He thanked individuals from the community including the San Antonio Fire Fighters, Former Councilmember Joe Alderete, Dr. William and Mrs. Elizondo, Teresa Vale, and Choco Meza who were in attendance. He spoke in support of the revisions to the Youth Curfew Ordinance and noted that the item had been addressed through a Public Hearing and the Public Safety Council Committee. Councilmember Ramos expressed support for the revised ordinance but noted that there were many graffiti issues in District 3 and attributed it to the lack of enforcement. Councilmember Lopez asked of the possibility of identifying the area of town in which the youth violator lives so that the issues could be addressed with the school districts. Dennis Campa, DCI Director explained that after a second violation, DCI works with the family followed by Municipal Court after a third offense. Thereafter, DCI works with the school support personnel and follows the youth through the school system.

Councilmember Galvan requested that an effort be made to work with homeless youth and repeat offenders. Councilmember McNeil stated that there should be a holistic approach to addressing curfew, graffiti, school dropouts, and gang activity. She asked of the possibility of a two-tiered approach to the youth curfew so that the curfew for 10-13 year olds be set at 10 pm while the curfew for youth ages 14 and up be set at midnight. Councilmember Rodriguez stated that he would prefer that the ordinance move forward today and be revisited in the near future.

Councilmember Cisneros asked of other Texas Cities that had a youth curfew ordinance. Robert Reyna of the City Attorney's Office stated that all of the larger cities in the state had enacted a Curfew Ordinance for Youth. She recommended that the information be disseminated to the community via a Compact Disc (CD).
