2. BRIEFING AND UPDATE ON THE CENTRO PARTNERSHIP.

Deputy City Manager Pat DiGiovanni stated that a Downtown Assessment had been conducted in June 2007 and an Advisory Panel had been convened in May 2008 to identify the best downtown management structure to facilitate economic development in the Downtown Area. He reported that with the assistance of Civitas Consultants LLC, a structure was proposed in January 2009 and a Resolution of support for the Centro Partnership was subsequently approved in January 2010. He noted that the Centro Partnership was a public-private partnership incorporated as a 501(c)(6) created by the City of San Antonio, Bexar County, and the Downtown Alliance, to oversee and facilitate development and revitalization in the inner city. He introduced Jack Spector of Hixon Properties.

Mr. Hixon stated that although San Antonio’s Downtown was strong in many areas, it was too one-dimensional. He noted that it was important to establish a vision for Downtown in coordination with the SA 2020 Visioning Process. He reported that the Certificate of Formation for the Centro Partnership was filed on July 1, 2010 with Incorporators Mayor Julián Castro, County Judge Nelson Wolff, Don Frost, and Jack Spector. He mentioned that the Initial Registered Agent was Ben Brewer and that a Memorandum of Understanding (MOU) between the city and Centro was executed on August 1, 2010. He indicated that initial funding of $20,000 each from the city and the Downtown Alliance, was included in the MOU.

Mayor Castro asked how the Centro Partnership would make Downtown more vibrant over the next 5-10 years. Mr. Spector replied that the Centro Partnership would serve as an agent of change and that establishing a vision would be an important first step. He stated that more residential areas, landscaping, and mixed-use development were essential and that it would be critical to create public-private partnerships to achieve their goals. Don Frost added that the Board of Directors would help establish the framework and reiterated that establishing a vision would be important. Mayor Castro spoke of the opportunity to coordinate with the SA 2020 Process and the need to focus on the “Decade of Downtown.”

Councilmember Cisneros stated that enhancing Downtown was a team effort and hoped to include the area in the next Bond Program. She spoke of the great asset of the Riverwalk and the opportunity to market La Villita through a daily cooking show.
Councilmember Taylor stated that the Downtown Area was important for the entire city and asked for clarification of the boundaries. She referenced the view of Downtown from her home on the Eastside. Mr. Spector stated that the boundaries had not yet been defined and would be addressed by the Board. Councilmember Taylor stated that she hoped that the boundaries would include the neighborhoods that surround Downtown. Sheryl Sculley stated that there would be coordination with all parts of town as Downtown was relevant to the entire city. Councilmember Medina thanked everyone for their work on the Centro Partnership and recognized Mayor Castro for his leadership on SA 2020. He noted that incorporation of the Centro Board was a perfect vehicle to focus on the needs of Downtown and asked how young persons would be attracted to the area. Mr. Spector replied that nothing had been identified yet as it relates to the Centro Partnership but there were several developments occurring along River North that include apartments that would entice young persons to move to the area.

Councilmember Clamp asked of private investment into the Downtown Area. Mr. Spector replied that it would begin with the vision and that private investment would occur where opportunities were made available. He reiterated the importance of public-private partnerships and spoke of the need to develop River North densely. Mr. Frost added that the vision should stay consistent but the strategies will likely change.

1. BRIEFING AND UPDATE ON THE WESTSIDE DEVELOPMENT CORPORATION (WDC) AND SAN ANTONIO FOR GROWTH ON THE EASTSIDE (SAGE).

Jackie Gorman-Johnson, Executive Director of San Antonio for Growth on the Eastside (SAGE) stated that SAGE was a non-profit organization that serves as a growth engine for San Antonio’s East Side. She noted that they helped East Side Businesses grow through partnerships, alliances, and leveraging resources. She reported their four driving principles: 1) Advocate for efficient, sustainable growth for San Antonio’s East Side; 2) Champion small business development; 3) Maintain and promote the area’s history and culture; and 4) Provide innovative, progressive solutions to East Side Challenges to encourage economic development and cultural vitality.

Ms. Gorman-Johnson outlined their Financial Assistance Programs that include the Store Front Grant and Economic Development Incentive Fund (EDIF) Loan Programs. She reported that they had provided nine Store Front Grants in 2010 totaling $86,532; two low-interest loans for $40,000; and three EDIF Grants for a total of $47,500. She stated that they had increased media outreach efforts to develop a better relationship and to promote awareness of East Side Initiatives. She mentioned that in the future, they would continue their partnership with Government Hill and expand work on New Braunfels Avenue. Lastly, she recognized the 2011 SAGE Board of Directors and noted that the East Side was a great place to live, work, and invest.

Ray Flores, Executive Director of the Westside Development Corporation (WDC) presented a map of the area targeted by the WDC and noted that it included four City Council Districts. He outlined their FY 2011 Operating Budget totaling $367,700 and stated that their goal was to raise $150,000 to support operations for the year. He spoke of the Grow West Business Expansion and Attraction Program that provides direct assistance for real estate development and business expansion projects. He mentioned that through the program, they had assisted 40 businesses and 18 real estate projects representing $6.3 million in investment in FY 2009-2010. He provided examples of business growth in the Westside that include the expansion of the South Texas Spice Facility and the new Tellez Tamales Food Production Facility. He added that moving forward they would focus on five Key Development Sites for new investment and diversify revenue through assets and investments.
Councilmember Taylor expressed support for the efforts of the WDC and SAGE. She recognized Ms. Gorman-Johnson for the many accomplishments in a small amount of time. Mr. Flores replied that they would include: 1) Frio Street Corridor; 2) West Commerce and 24th Street Intersection; 3) Southwest Business and Technology Park; 4) Edgewood Square; and 5) Bandera Center. Councilmember Rodriguez stated that it was great to bring in new businesses but also important to provide opportunities to retain and grow current businesses.

Councilmember Lopez asked of the effectiveness of the initiatives within the WDC. Mr. Flores stated that the initiatives were making a great difference in the area but the challenge was getting the information to the public. Councilmember Lopez asked of residential development. Mr. Flores stated that it was difficult in that many individuals looked at the schools in the area and the perception of challenges with inner city schools. He noted that price points and affordability of homes were issues but opportunities existed. Pat DiGiovanni stated that programs need to be implemented to work off the assets in the community such as employers incenting employees to live in the area in which they work. Councilmember Lopez asked of the Land Bank Program. Ms. Sculley replied that the idea was to find areas with vacant lots and bring in a developer to build affordable housing. She added that Pilot Areas would be brought to the City Council in early 2011.

Councilmember Cisneros spoke of the great work of SAGE and the WDC and asked that they continue to work with agencies including ACCION Texas. She expressed concern that there were many needs in the community and that the agencies still need financial support from the city. She spoke of the utilization of economic development tools such as TIRZ #11. Mayor Castro spoke of the significant improvements in the East Side and the need to help small businesses grow. Ms. Gorman-Johnson stated that it was important to communicate that the East Side is a safe place to live and work. Councilmember Williams recognized the many individuals that worked on the UDC Amendments and stated that he was pleased that the process would now occur every five years.
