4. An Ordinance prohibiting the use of a hand-held mobile communication device to engage in a call, or send, read or write a text message or engage in any other use of the device while operating a moving motor vehicle by repealing Section 19-254 and amending Section 19-255, Article VII of the City Code of San Antonio, Texas, and providing for a fine of up to $200.00 per violation. [Erik Walsh, Deputy City Manager; William P. McManus, Chief of Police]

Chief McManus presented a Power Point and stated that on August 20, 2014, Councilmember Gallagher had submitted a Council Consideration Request (CCR) requesting a ban on the use of mobile communication devices unless used in a hands-free capacity. He noted that the Governance Committee had forwarded the request to the Public Safety Committee and the Public Safety Committee approved forwarding the request to the full City Council. He stated that hand-held use of a mobile communication device was viewed as the most serious part of the larger public safety issue recognized as Distracted Driving. He reported that there were over 250 vehicle crashes in San Antonio in 2013 directly attributable to cell/mobile phone use. Additionally, in Texas there were 90,378 crashes related to Distracted Driving in 2013 resulting in 18,468 serious injuries and 453 fatalities.

Chief McManus outlined current City Ordinances in which texting while driving and using a mobile device while driving in a School Zone are prohibited. He mentioned that the cities of Austin, Corpus Christi, Amarillo, and El Paso had recently adopted ordinances
prohibiting the use of hand-held mobile devices while operating a motor vehicle on a city street. He reported that 23 cities in Texas had enacted ordinances prohibiting texting while operating a motor vehicle. He stated that current State Law on the use of hand-held mobile devices is limited in scope and provides restrictions while operating a motor vehicle.

Chief McManus highlighted the Proposed Ordinance which states that a person commits an offense if they use a hand-held mobile communication device while operating a motor vehicle on any City Street. The prohibited uses include: Engaging in a call; Sending, reading or writing a text message; Viewing pictures or written text; Engaging in gaming; and Engaging in any other use of the device. He explained that the Proposed Ordinance did not apply to a person that was: Parked on private property or legally parked; Using a hands-free device; Using a GPS Device affixed to the vehicle; Operating an emergency vehicle; Reporting illegal activity; Communicating with Emergency Response Personnel; or Preventing injury to a person or property. He noted that the current ordinance prohibiting use in active School Zones will be repealed as its subject matter will be covered by the new Ordinance. He stated that the Police Department would produce a series of Public Service Announcements, Radio Spots, and Use Social Media to educate the community. He noted that a $200 fine would be issued to violators and would be enforceable by any Peace Officer. He recommended that the Ordinance be adopted with an effective date of January 1, 2015 followed by a 30-day warnings only period.

Mayor Taylor called upon the citizens registered to speak.

Councilmember Gallagher thanked everyone that came to speak including the Abrams Family who were victims of Distracted Driving. He asked why this ordinance was necessary. Mr. Carlos Contreras stated that a Statewide Ban was not currently included but could be added at the direction of the City Council. Councilmember Medina commended Councilmember Gallagher for his leadership on the issue and spoke of the importance of public safety. He asked of repeat offenders of the ordinance. Chief McManus replied that they had not looked at repeat offenses but could consider that in the future.

Councilmember Nirenberg felt that the grace period should begin now stating that it would make the current ordinance functionally enforceable which lacks now.

Councilmember Gallagher noted that there is currently an 86-day grace period from today until the time the ordinance is enforced.

Councilmember Lopez expressed concern with the over 3,000 deaths that have occurred on Texas Highways this year. He stated that he looked forward to supporting this ordinance as saving one life would be worth it.

Patrick Christensen stated that he was representing the Property Owners and spoke of the history of the property which was platted in 1937. He noted that at that time, it was not in the city limits and there was nothing located on either side of the property. He indicated that the property was currently zoned R20 and the properties in front of and behind were
zoned R6. He mentioned that there were numerous issues with the property as it did not have sewer connections and was located at the corner of a busy intersection. He stated that since the last requested rezoning, the Sector North Plan had been approved which designates the property as Suburban Tier allowing the R6 or NP10 Designation. He expressed concern with the high cost of development and added that they had offered deed restrictions that were not agreed to by the Whispering Oaks Homeowners Association.

He stated that this was a dangerous precedent to set and added that they would like to see it developed as currently zoned.

Michael Makowski addressed the City Council in opposition to the rezoning. He expressed concern with several documents presented by Mr. Christensen noting that they were misrepresentations and not official city documents.
