IAEI'S Electrical Service Requirements (4 hours)	March 12, 2020	8:00 a.m. - 12:00 p.m.

2018 IEBC Essentials

This seminar will introduce critical concepts of the 2018 International Existing Building Code® (IEBC®). It will provide a basis for the correct use and application of the code. It will build an understanding of the intent of the code through detailing basic tables, categorizations and a case study.

IAEI's Electrical Service Requirements

This seminar provides information about installation and inspection of electrical services. The program provides an overview of the major design issues and minimum code requirements related to electrical services. The program includes topics such as number of services; service disconnecting means locations; requirements for service equipment; equipment ratings; and grounding and bonding of electrical services. This material is primarily based on the requirements set forth in Article 230 of the National Electrical Code (NEC), and includes grounding and bonding of services from Article 250.

REGISTRATION INFORMATION

- Deadline for a guaranteed reservation is 4:30 p.m. on March 5, 2020.
- Will accept registrations up to the day of each event on a space-available basis.
