	Grant/Program Title	Agency	Due Date	Contact	Notes
NEW	<p>US15849A The Partnerships for Opportunity and Workforce and Economic Revitalization (POWER) Initiative: Implementation Grants (Part A): Economic Adjustment Assistance (EAA) (Limited Eligibility) - FY 2016</p> <p>The purpose of this program is to support partnerships of regionally oriented economic and workforce development organizations and other key stakeholders located in and supporting communities negatively impacted by changes in the coal industry and power sector. This program will assist with building economic resilience, diversifying industries, and promoting new job creation opportunities for workers and communities that have relied on the coal economy as a source of good jobs and economic prosperity.</p> <p>Program objectives are to:</p> <ul style="list-style-type: none"> Assist impacted communities in diversifying their economies into other industries Create new job opportunities for dislocated workers Attract new sources of job-creating investment Provide a range of workforce services and skills training, including work-based learning opportunities, resulting in industry-recognized credentials for high-quality, in-demand jobs <p>Priority will be given to projects that:</p> <ul style="list-style-type: none"> Will produce multiple economic and workforce development outcomes, as listed above Are specifically identified under local and regional economic development plans that have been 	U.S. Department of Commerce	Rolling	<p>Program Staff POWER@eda.gov</p> <p>U.S. Department of Commerce (DOC) Economic Development Administration (EDA) 1401 Constitution Avenue, NW, Suite 71014 Washington, D.C. 20230</p>	Matched Required: Yes Actual Funds: \$65,800,000 (Confirmed)

	<p>collaboratively produced by diverse local and regional stakeholders</p> <p>Refer to pages 5-8 of the NOFA file for detailed information on eligible activities, expected outcomes, and objectives.</p>				
NEW	<p>US0147 Economic Development Assistance Programs (EDAP) - FY 2016</p> <p>The purpose of this program is to provide distressed communities and regions, both urban and rural, with strategic investments to support economic development, foster job creation, and attract private investments. Funding will support construction, non-construction, technical assistance, and revolving loan fund projects. Projects will leverage existing assets to implement economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. Projects should align with the following investment priorities:</p> <ul style="list-style-type: none"> Collaborative regional innovation Public/private partnerships National strategic priorities Global competitiveness Environmentally sustainable development Underserved communities <p>The funding agency will continue to consider applications from communities experiencing adverse economic changes due to base realignment and closures (BRAC) and federally declared disasters. Refer to page 5 of the NOFA file for additional information. Funding is available in the following categories:</p> <p>Public works: Projects will provide catalytic investments to help distressed communities build, design, or engineer critical infrastructure and facilities that will help</p>	US Department of Commerce	Rolling		<p>Matched Required: Yes</p> <p>Actual Funds: Unspecified</p>

	<p>implement regional development strategies and advance bottom-up economic development goals to promote regional prosperity. Examples of previously funded projects include activities supporting water and sewer system improvements, industrial parks, high-tech shipping and logistics facilities, workforce training facilities, business incubators and accelerators, brown field development, technology-based facilities, wet labs, multitenant manufacturing facilities, science and research parks, and telecommunications equipment and development facilities.</p> <p>Economic adjustment assistance (EAA): Projects will provide a wide range of construction and non-construction assistance, including infrastructure, design and engineering, technical assistance, economic recovery strategies, and capitalization or recapitalization of revolving loan fund (RLF) projects in regions experiencing severe economic dislocations. Examples of eligible projects include a university or community college launching an economic diversification strategy to promote and enhance the growth of emerging industries, or a city supporting the construction of a publicly owned multitenant business and industrial facility to house early stage businesses.</p>				
NEW	<p>US8384 National HIV Program: HIV/AIDS Prevention and Engagement in Care - FY 2016 The purpose of this program is to meet American Indian and Alaska Native community needs in achieving the goals of the National HIV/AIDS Strategy. To do so, this program seeks to increase local activities that improve the nation's HIV prevention and care outcomes. Special emphasis is given to the following areas: Increasing access to comprehensive Pre-Exposure Prophylaxis (PrEP) services for those for whom they are</p>	US Department of Health and Human Services	8/28/16	Primary Contact: Lisa C. Neel, MPH HIV Program Coordinator (301) 443-4305 Lisa.Neel@ihhs.gov	Match Required: No Actual Funds: \$500,000

	<p>appropriate and desired</p> <p>Identifying local-level priorities for HIV care needs and creating tools and resources appropriate to meet those priorities</p> <p>Improving engagement and retention in care among people living with HIV/AIDS (PLWHA)</p> <p>Supporting and educating communities on risk-reduction activities for persons who inject drugs, and extending access to services for medication-assisted therapies for persons with opioid addiction in accordance with federal, state, tribal, and local laws</p> <p>Increasing local-level delivery of age-appropriate HIV and sexually transmitted infections (STI) prevention education</p>				
<p>NEW</p>	<p>FD9600 Truth Initiative: Smoke-Free and Tobacco-Free Community College Grant Initiative - FY 2017</p> <p>The purpose of this program is to help community colleges join the growing movement of adopting tobacco-free policies. Ultimately, the program aims to support 100 percent smoke-free and tobacco-free policies. The policy must be college-wide, affecting all campuses, and must be adopted by December 31, 2017. Award recipients that adopt such policies early in 2017 must focus efforts on policy implementation for the balance of the year.</p> <p>Projects must address all of the following core elements:</p> <p>Forming a college taskforce with broad representation of the campus, including students, staff, faculty, and administration</p> <p>Assessing tobacco-related issues including behavior, attitudes, and support among students, faculty, and staff</p> <p>Educating and engaging students, staff, faculty, and decision-makers on the need for and benefits of a 100 percent smoke-free or tobacco-free policy and secure their support</p>	<p>FD Foundation</p>	<p>7/15/16</p>	<p>Alex Parks (202) 454-5555 communitycollege@truthinitiative.org</p> <p>Kristen Tertzakian (202) 454-5555 communitycollege@truthinitiative.org</p>	<p>Matched Required: Yes</p> <p>Actual Funds: Unspecified</p>

	<p>Identifying a plan to address tobacco treatment for those students, faculty, and staff who are interested in quitting</p> <p>Developing a policy recommendation for a 100 percent smoke-free or tobacco-free policy to present to key decision makers</p> <p>Funds may be used for:</p> <p>Personnel costs</p> <p>Costs associated with the development and printing of educational and marketing materials or smoke-free/tobacco-free policy signage</p> <p>Meeting expenses, including speaker fees, room rental, audio/video equipment, and food</p> <p>Incentives for survey/research participation</p> <p>Nicotine-replacement therapy</p> <p>Supplies such as pencils, buttons, t-shirts, and squeeze balls to promote a tobacco-free environment or the new policy</p> <p>Photocopying and printing costs</p> <p>Postage</p>				
NEW	<p>FD4228 The Funders' Network (TFN) for Smart Growth and Livable Communities: Partners for Places (Round 9) - FY 2016</p> <p>The purpose of this program is to support partnerships and projects that promote a healthy environment, a strong economy, and well-being for community residents, thus making urban areas more prosperous, livable, and vibrant. Funding is intended to build valuable working relationships and projects in communities, while increasing the visibility and importance of such work in the local philanthropic community.</p> <p>The program also encourages projects that benefit and engage people of color, low-income populations, and residents of immigrant and refugee communities. Such projects include sustainability work in neighborhoods, as</p>	FD Foundation	7/25/16 (Proposal)	<p>Ashley Quintana (305) 667-6350 x201 ashley@fundersnetwork.org</p> <p>Ann Wallace (617) 524-9239 ann@fundersnetwork.org</p>	<p>Matched Required: Yes</p> <p>Actual Funds: Unspecified</p>

	<p>well as citywide projects.</p> <p>Sustainability priorities for this program include:</p> <ul style="list-style-type: none"> Making climate change preparation a factor for every government decision Pursuing deep greenhouse gas (GHG) emissions reductions Integrating climate change preparation and GHG emissions reductions Incorporating sustainability and/or climate action into economic development initiatives Mobilizing resident and business action to advance sustainability and/or climate action Undertaking comprehensive neighborhood sustainable development <p>Eligible costs include new staff, consultants, equipment, supplies, and administrative expenses for the project. Funding may also be used for small capital or equipment costs related to projects such as gardens, electric vehicle (EV) stations, and bike stations, if they are key projects of a local sustainability plan. Additionally, funding could be used for existing staff at a partner nonprofit organization to help implement a new project that advances the local government's sustainability plan. Projects that create a sustainability or climate action plan must use an appropriate strategy that meets the minimum requirements outlined in the Guide file.</p>				
<p>NEW</p>	<p>US12069 Advancing Informal STEM Learning (AISL) - FY 2015/2016</p> <p>The purpose of this program is to advance new approaches to and evidence-based understanding of the design and development of science, technology, engineering, and mathematics (STEM) learning opportunities for the public in informal environments. This program seeks to provide multiple pathways for broadening access to and engagement in STEM learning</p>	<p>U.S. National Science Foundation</p>	<p>11/8/16 (Multiple)</p>	<p>Program Staff (703) 292-8616 DRLAISL@nsf.gov</p>	<p>Matched Required: No Actual Funds: Unspecified</p>

<p>experiences, and advance innovative research on and assessment of STEM learning in informal environments. Almost any space may support an informal science learning environment, including homes, museums, libraries, and streets. The products of investments through this program may include:</p> <ul style="list-style-type: none"> Exhibitions and programs in museums, zoos, aquaria, planetariums, nature centers, parks, libraries, and other environments Science communication After-school and out-of-school time (OST) programs Radio, television, film, or media programs or series Do-It-Yourself (DIY)/maker initiatives, research-related experiences such as citizen science, and online experiences Research findings that articulate what works, why, and in what contexts <p>Projects should engage participants from both public and professional audiences. All projects are expected to build knowledge with respect to informal STEM education, offer innovative solutions, leverage resources of partners, and have a strategic impact to advance the informal STEM learning field overall.</p> <p>Awards are available for the following project types:</p> <ul style="list-style-type: none"> Collaborative planning: projects to increase partnerships, understanding, and influence to help develop ideas and strategies to address the most complex issues of the field Exploratory pathways: projects that provide opportunities for practitioners and researchers to investigate issues in and approaches to informal STEM learning and to establish the basis for future research, design, and development of innovations or approaches Research in service to practice: projects focusing on research that advances knowledge and the evidence base for practices, assumptions, broadening participation, or emerging educational arrangements in STEM learning in informal environments 				
----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	--	--	--	--

	<p>Innovations in development: projects that result in innovative models, programs, technologies, assessments, resources, or systems for an area of STEM learning in informal environments</p> <p>Broad implementation: projects supporting the expansion or reach of models, programs, technologies, assessments, resources, research, or systems that have a documented record of success, innovation, or evidence-based knowledge building</p> <p>Conferences: projects that involve well-focused activities that are related to the goals of this program and generate usable products</p> <p>Informal STEM Learning Resource Center: one award to develop and implement an Informal STEM Learning Resource Center (ISLRC)</p>				
NEW	<p>US0862 Healthy Tomorrows Partnership for Children Program (HTPCP) - FY 2017</p> <p>The purpose of this program is to support innovative community-initiated projects that employ preventive health strategies as well as promote access to health care for children, youth, and their families. Supported projects must provide clinical or public health services and align with the funding agency's goal to improve access to quality health care and services, build healthy communities, and improve health equity. Funds may be used to support a new initiative within the community, or an innovative new component that builds upon an existing community-based program or initiative.</p> <p>Funded projects should:</p> <p>Support the development of community-based initiatives that use innovative and cost-effective approaches to promote community-identified preventive child health and developmental objectives for vulnerable children and their families, especially for those with limited access to</p>	U.S. Department of Health and Human Services	8/2/16	<p>Primary Contact:</p> <p>Madhavi M. Reddy, MSPH (301) 443-0754 Fax: (301) 443-1797 mreddy@hrsa.gov</p>	<p>Matched Required: Yes Actual Funds: \$400,000 (Estimated)</p>

	<p>quality health services Foster and promote collaboration among community organizations, individuals, agencies, businesses, and families Involve pediatricians and other pediatric health professionals in community-based service programs Build community-wide and statewide partnerships among professionals in various sectors to achieve self-sustaining programs Proposed projects in the following topical areas are encouraged: Early childhood development School readiness Developmental/behavioral pediatrics Medical home (including enhanced family and youth engagement) Care coordination and case management Oral health Behavioral health Mental health School-based health Nutrition and physical activities to promote healthy weight</p>				
NEW	<p>US16303 Sexual Risk Avoidance Education Program (SRAE) - FY 2016 The purpose of this program is to support the implementation of sexual risk avoidance education that teaches participants how to voluntarily refrain from non-marital sexual activity. The program aims to educate youth on how to voluntarily refrain from such activity and prevent other youth risk behaviors. Projects are expected to use medically accurate information referenced to peer-reviewed publications by educational, scientific, governmental, or health organizations;</p>	<p>Department of Health and Human Services</p>	<p>7/25/16</p>	<p>Primary Contact: Byron Pugh (202) 401-5733 Byron.Pugh@acf.hhs.gov</p>	<p>Matched Required: Yes Actual Funds: \$9,000,000 (Estimated)</p>

	<p>implement evidence-based approaches integrating research findings with practical implementation that aligns with the needs and desired outcomes for the intended audience; and teach the benefits associated with self-regulation, success sequencing for poverty prevention, healthy relationships, goal setting, and resisting sexual coercion, dating violence, and other youth risk behaviors such as underage drinking or illicit drug use without normalizing teen sexual activity.</p> <p>Specifically, the objectives of this program are to:</p> <ul style="list-style-type: none"> Implement curricula that include medically accurate information referenced to peer-reviewed publications Select sexual risk avoidance curricula that are evidence-based Teach risk avoidance skills through methods that do not normalize teen sexual activity Target projects to youth populations that are at risk for non-marital sexual activity 				
<p>NEW</p>	<p>US0147 Economic Development Assistance Programs (EDAP) - FY 2016</p> <p>The purpose of this program is to provide distressed communities and regions, both urban and rural, with strategic investments to support economic development, foster job creation, and attract private investments. Funding will support construction, non-construction, technical assistance, and revolving loan fund projects. Projects will leverage existing assets to implement economic development strategies that advance new ideas and creative approaches to advance economic prosperity in distressed communities. Projects should align with the following investment priorities:</p> <ul style="list-style-type: none"> Collaborative regional innovation Public/private partnerships 	<p>US Department of Commerce</p>	<p>Rolling</p>	<p>U.S. Department of Commerce Economic Development Administration 1401 Constitution Avenue, NW, Suite 71014 Washington, D.C. 20230</p>	<p>Matched Required: No Actual Funds: Unspecified</p>

<p>National strategic priorities Global competitiveness Environmentally sustainable development Underserved communities</p> <p>The funding agency will continue to consider applications from communities experiencing adverse economic changes due to base realignment and closures (BRAC) and federally declared disasters. Refer to page 5 of the NOFA file for additional information. Funding is available in the following categories:</p> <p>Public works: Projects will provide catalytic investments to help distressed communities build, design, or engineer critical infrastructure and facilities that will help implement regional development strategies and advance bottom-up economic development goals to promote regional prosperity. Examples of previously funded projects include activities supporting water and sewer system improvements, industrial parks, high-tech shipping and logistics facilities, workforce training facilities, business incubators and accelerators, brown field development, technology-based facilities, wet labs, multitenant manufacturing facilities, science and research parks, and telecommunications equipment and development facilities.</p> <p>Economic adjustment assistance (EAA): Projects will provide a wide range of construction and non-construction assistance, including infrastructure, design and engineering, technical assistance, economic recovery strategies, and capitalization or recapitalization of revolving loan fund (RLF) projects in regions experiencing severe economic dislocations. Examples of eligible projects include a university or community college launching an economic diversification strategy to promote and enhance the growth of emerging industries, or a city supporting the construction of a publicly owned multitenant business and industrial facility to house early</p>

NEW	<p>FD12103 American Society for the Prevention of Cruelty to Animals (ASPCA): Pet Retention Fund Grants - FY 2016 The purpose of this program is to provide support for developing or enhancing programs that will help keep pets in their homes. Awards will allow recipients to gather information by providing surveys developed by the funding agency to people presenting their dogs or cats for relinquishment. Award recipients will then utilize the survey results to create a program or expand an existing program that keeps people and their pets together. Refer to pages 1-2 of the NOFA file for additional information regarding the required surveys. Funds may be used to assist owned animals at high risk for surrender for a variety of issues, including the need for:</p> <ul style="list-style-type: none"> Assistance for treatable medical conditions Supplies necessary to retain pets Housing Behavior assistance <p>Client selection should be based on high likelihood of retention if assistance is provided. Preference will be given to projects that will be sustained once award funds are exhausted.</p>	FD Foundation	8/12/16	American Society for the Prevention of Cruelty to Animals (ASPCA) 424 E. 92nd St. New York, NY 10128-6804	Matched Required: No Actual Funds: Unspecified
	<p>TX1463 Special Education IDEA-B High Cost Grant - The purpose of this program is to support the provision of direct special education and related services to meet the needs of high-need students with disabilities, and address the financial impact on the budget of the students' local education agency (LEA) or other entities operating special education programs in Texas. Program</p>	TX Education Agency	07/15/2016 (Application)	<p>Primary Contact: Program Staff (512) 463-9414 Fax: (512) 463-9560 hcf@tea.texas.gov sped@tea.state.tx.us</p>	Match Required : No Actual Funds :\$10,606,964 (Estimated)

	<p>funds must be used to support the goal of providing full educational opportunity to all children with disabilities ages 3 through 21. Project services must be identified in the student's Individualized Education Program (IEP), including the cost of room and board for a residential placement, if determined necessary. Awards may support only those costs that exceed the average amount of LEA and state funds spent for each child receiving an education in the LEA.</p>			<p>Funding Contact: Mary Helen Nunez-Wallace (512) 463-8525 Fax: (512) 463-9715 maryhelen.nunez-wallace@tea.texas.gov ovgrants@tea.state.tx.us</p>	
	<p>TX1479 HOPES: Healthy Outcomes through Prevention and Early Support (Select Counties) The purpose of this program is to build collaborative, sustainable, and innovative family support systems that include a family service coalition, and evidence-based or promising practice services to strengthen families with children ages zero to five years. In addition, projects should increase the likelihood of a child being successful, and free from abuse and neglect. Projects should strive to increase protective factors in families, to provide healthy and safe homes for Texas children, and reduce the risk of child abuse, neglect, and other negative outcomes. Eligible activities include: Providing a continuum of services with an integrated system of care for families with at least one child zero to five years of age Developing any child and family service coalitions that effectively coordinate services and address broad, community-level issues that impact young children and families or work to enhance the efforts of any such coalition Prevention and early intervention (PEI) responsibilities include: Planning, developing, and administering a comprehensive and unified delivery system of prevention</p>	<p>TX Department of Family and Protective Services</p>	<p>07/25/2016 (Proposal)</p>	<p>Primary Contact: Andrick Reese CTPM Procurement Project Manager (512) 406-2532 Andrick.Reese@hhs.c.state.tx.us</p> <p>HUB Contact: Joy Simmons HUB Coordinator (512) 406-2535 Joy.Simmons@hhsc.state.tx.us</p>	<p>Match Required: No Actual Funds: Unspecified</p>

<p>and early intervention services to children and their families in at-risk situations</p> <p>Improving the responsiveness of services for at-risk children and their families by facilitating grand coordination and flexibility in the use of funds by state and local service providers</p> <p>Providing greater accountability for prevention and early intervention services in order to demonstrate the impact or public benefit of a program by adopting outcome measures</p> <p>Assisting local communities with the coordination and development of prevention and early intervention services in order to maximize federal, state, and local resources</p> <p>Programs should address child abuse and neglect prevention by focusing on community collaboration in high-risk counties and by increasing protective factors of families served, including:</p> <ul style="list-style-type: none"> Family functioning and resiliency Social support Knowledge of parenting and child development Concrete support Nurturing and attachment 				
<p>TX0702 Enterprise Zone Program</p> <p>The purpose of this program is to stimulate job creation and capital investment in economically distressed areas of Texas. This program is intended to help local communities provide a package of local and state tax and regulatory benefits to new or expanding businesses. Local communities must nominate a company as an enterprise project, which may be located inside or outside of an enterprise zone. If located within a zone, the company must commit that at least 25 percent of its new employees will meet economically disadvantaged or enterprise zone residence requirements. If located outside</p>	<p>TX Office of the Governor</p>	<p>9/01/2016 (Multiple)</p>	<p>Primary Contact: Program Staff (512) 936-0100</p>	<p>Match Required No Actual Funds Unspecified</p>

<p>of a zone, the company must commit that at least 35 percent of its new employees will meet these requirements.</p> <p>State sales and use tax refunds may be claimed annually or semi-annually. Eligible costs include machinery, building materials for repairs/remodeling, labor for repairs/remodeling, and electricity and natural gas consumed for business-related purposes. Franchise tax benefits may be taken on the enterprise project's annual report filing for each year of the five-year designation period.</p>				
<p>US1504 Rural Community Development Initiative (RCDI)</p> <p>The purpose of this program is to develop the capacity and ability of nonprofit organizations, low-income rural communities, and federally recognized tribes to undertake projects related to housing, community facilities, or community and economic development in rural areas. Successful applicants (intermediaries) will provide financial and technical assistance to eligible recipients. Supported types of assistance include:</p> <ul style="list-style-type: none"> Providing technical assistance to develop recipients' capacity and ability to undertake projects related to housing, community facilities, or community and economic development Developing the capacity of recipients to conduct community development programs Developing the capacity of recipients to conduct development initiatives Developing the capacity of recipients to increase their leveraging ability and access to alternative funding sources by providing training and staffing Developing the capacity of recipients to provide the technical assistance component for essential community facilities projects 	<p>U.S. Department of Agriculture</p>	<p>07/22/2016 (Application)</p>	<p>Agency Address: U.S. Department of Agriculture 1400 Independence Avenue, SW Washington, D.C. 20250</p>	<p>Matched Required: Yes</p> <p>Actual Funds: \$4,000,000 (Confirmed)</p>

<p>Assisting recipients in completing pre-development requirements for housing, community facilities, or community and economic development projects</p> <p>Improving recipient's organizational capacity by providing training and resource material on developing strategic plans, board operations, management, financial systems, and information technology</p> <p>Purchasing computers, software, and printers</p> <p>Training expenses and training-related travel costs for recipients</p> <p>Intermediaries must work directly with eligible recipient organizations, which include private, nonprofit community-based housing and development organizations; low-income rural communities; and federally recognized tribes.</p> <p>Intermediaries do not work with individual beneficiaries. Recipients and beneficiaries, but not intermediaries, must be located in an eligible rural area, as indicated on page 3 of the NOFA file.</p> <p>Applicants that propose projects in certain areas, such as those with high poverty, a Strike force area, or a Promise Zone, will receive points in the evaluation process. Refer to page 8 of the NOFA file for additional information.</p>				
<p>US10670 Partnerships in Employment Systems Change (Select States) - FY 2016</p> <p>The purpose of this program is to expand competitive employment in integrated settings for youth and young adults with intellectual disabilities and developmental disabilities (ID/DD). To facilitate this goal, this program will support projects developed by consortia that demonstrate a collaborative approach to creating employment systems change at the state level on behalf of youth with ID/DD. Award recipients will design and implement statewide model demonstration projects that</p>	<p>U.S. Department of Health and Human Services</p>	<p>07/26/2016 (Application)</p>	<p>Larissa R. 	<p>organizations that actively encourage organizational transformation of resources to programs and services that emphasize competitive employment in integrated settings</p>				
	<p>US16303 Sexual Risk Avoidance Education Program (SRAE) - FY 2016 The purpose of this program is to support the implementation of sexual risk avoidance education that teaches participants how to voluntarily refrain from non-marital sexual activity. The program aims to educate youth on how to voluntarily refrain from such activity and prevent other youth risk behaviors. Projects are expected to use medically accurate information referenced to peer-reviewed publications by educational, scientific, governmental, or health organizations; implement evidence-based approaches integrating research findings with practical implementation that aligns with the needs and desired outcomes for the intended audience; and teach the benefits associated with self-regulation, success sequencing for poverty prevention, healthy relationships, goal setting, and resisting sexual coercion, dating violence, and other youth risk behaviors such as underage drinking or illicit drug use without normalizing teen sexual activity. Specifically, the objectives of this program are to: Implement curricula that include medically accurate information referenced to peer-reviewed publications Select sexual risk avoidance curricula that are evidence-based Teach risk avoidance skills through methods that do not normalize teen sexual activity Target projects to youth populations that are at risk for non-marital sexual activity Refer to pages 5-6 of the NOFA file for information regarding the program's target population. All award recipients must:</p>	<p>U. S Department of Health and Human Services</p>	<p>7/26/2016 (Application)</p>	<p>Primary Contact: Byron Pugh (202) 401-5733 Byron.Pugh@acf.hhs.gov Office of Grants Management Contact: Katrina Morgan (202) 401-5127 Katrina.Morgan@acf.hhs.gov Agency Address: Department of Health and Human Services (DHHS) Administration for Children and Families (ACF) Family and Youth Services Bureau (FYSB) 330 C Street, SW Washington, D.C. 20201</p>	<p>Match Required: No Actual Funds: 9,000,000</p>

<p>Have facilitators/educators formally trained in the project model or elements of the project by professionals who can provide follow-up technical assistance</p> <p>Collect performance measures</p> <p>Send at least two key staff persons to a three-day conference held in Washington, D.C., and two key staff persons to a minimum of one of three topical training sessions offered during each year of the program</p> <p>Participate in an orientation webinar</p> <p>Funds may be used for:</p> <ul style="list-style-type: none"> Personnel Fringe benefits Travel Equipment Supplies Contractual costs Limited indirect costs 				
<p>TX1463 Special Education IDEA-B High Cost Grant - FY 2015/2016</p> <p>The purpose of this program is to support the provision of direct special education and related services to meet the needs of high-need students with disabilities, and address the financial impact on the budget of the students' local education agency (LEA) or other entities operating special education programs in Texas. Program funds must be used to support the goal of providing full educational opportunity to all children with disabilities ages 3 through 21. Project services must be identified in the student's Individualized Education Program (IEP), including the cost of room and board for a residential placement, if determined necessary. Awards may support only those costs that exceed the average amount of LEA and state funds spent for each child receiving an education in the LEA.</p>	<p>TX Education Agency</p>	<p>07/15/2016 (Application)</p>	<p>Primary Contact: Program Staff (512) 463-9414 Fax: (512) 463-9560 hcf@tea.texas.gov sped@tea.state.tx.us</p> <p>Funding Contact: Mary Helen Nunez-Wallace (512) 463-8525 Fax: (512) 463-9715 maryhelen.nunez-wallace@tea.texas.gov oygrants@tea.state.tx.us</p>	<p>Match Required: No Actual Funds: \$10,606,964 (Confirmed)</p>
