NSP

Narratives**Areas of Greatest Need:**

The City of San Antonio has identified six (6) NSP Target Areas to include not only the high risk areas of foreclosure, but areas that have a high concentration of blighted and vacant properties with particular focus on the inner city. These revised target areas were developed with updated data sets in cooperation with the City's Office of Grants Monitoring and Administration, Planning Department and the Code Compliance Division to narrow down the areas of San Antonio that reflected the most need according to code violations, multifamily and single family foreclosures, vacant properties. The revision of the NSP target areas will assure that limited NSP resources are available to delegated areas of the city for an array of eligible NSP uses.

Distribution and and Uses of Funds:

Target area A - Many of the foreclosures in this area are older housing stock and have a high rate of code violations. The amount of rehabilitation will be significant. There are also high concentrations of multi family foreclosures in this target area especially north of downtown between HWY 281 and IH-10 south of Basse Rd. Strategies to stabilize this area will include acquisition, rehabilitation, and resale of foreclosed single family homes and rehabilitation of foreclosed multifamily units. A few of the units may be substandard and demolition may be required. To expedite resale, the City of San Antonio will provide incentives to homebuyers for downpayment assistance, soft second loans, IDA's and other financing mechanisms. In cases where the abandoned substandard lots are not buildable, the properties maybe purchased and transfered to adjacent homeowners so they will be maintained and placed back on the tax roles.

Target Area "B" Needs - Many of the foreclosed properties in this target area are newer housing stock. They will require less substantial rehabilitation. Strategies to stabilize this area will include acquisition, rehabilitation, and resale of foreclosed single family homes and rehabilitation of foreclosed multifamily units. To expedite resale, the City of San Antonio will provide incentives to homebuyers for downpayment assistance, soft second loans, IDA's and other financing mechanisms.

Target Area "C" Needs - The single family foreclosure units in area "C" are a higher percentage of older homes. The area also has a high concentration of vacant and blighted properties scattered throughout. Strategies to stabilize this area will include acquisition, rehabilitation, and resale of foreclosed single family homes and rehabilitation of foreclosed multifamily units. To expedite resale, the City of San Antonio will provide incentives to homebuyers for downpayment assistance, soft second loans, IDA's and other financing mechanisms. In cases where the abandoned substandard lots are not buildable, the properties maybe purchased and transfered to adjacent homeowners so they will be maintained and placed back on the tax roles.

Target Area "D" Needs - This target area has a high concentration of SF/MF foreclosures, blighted properties, and vacant properties. NSP funds will be focused on the redevelopment of the Sutton Homes property as well as strategies to acquire, rehabilitate, and resell foreclosed single family homes. To expedite resale, the City of San Antonio will provide incentives to homebuyers for downpayment assistance, soft second loans, IDA's and other financing mechanisms. In cases where the abandoned substandard lots are not buildable, the properties maybe purchased and transfered to adjacent homeowners so they will be maintained and placed back on the tax roles.

Target Area "E" Needs - Area "E" contains a mixture of newly developed subdivisions and older established neighborhoods. The rehabilitation needs will range from minor to substantial. In some cases, demolition will be necessary and new construction will be necessary to help maintain the residential integrity of the neighborhood. This area also has high concentrations of foreclosed multifamily units. Strategies to stabilize this area will include acquisition, rehabilitation, and resale of foreclosed single family homes and rehabilitation of foreclosed multifamily units. To expedite resale, the City of San Antonio will provide incentives to homebuyers for downpayment assistance, soft second loans, IDA's and other financing mechanisms. In cases where the abandoned substandard lots are not buildable, the properties maybe purchased and transfered to adjacent homeowners so they will be maintained and placed back on the tax roles.

Target Area "F" - This target area contains a mixture of newly developed subdivisions and older established neighborhoods. The rehabilitation needs will range from minor to substantial. In some cases, demolition will be necessary and new construction will be necessary to help maintain the residential integrity of the neighborhood. This area also has a high concentration of blight as evident in the number of code

violations. Strategies to stabilize this area will include acquisition, rehabilitation, and resale of foreclosed single family homes. A few of the units may be substandard and demolition may be required. To expedite resale, the City of San Antonio will provide incentives to homebuyers for downpayment assistance, soft second loans, IDA's and other financing mechanisms.

Overall Progress Narrative:

During the months of October thru December 2010, the City of San Antonio's Neighborhood Stabilization Program saw the construction completion of the Sutton Oaks Apartments, the construction completion of the Gillette Square Apartments, and the continued success of the single family foreclosure, rehabilitation, and resale program. The first of twenty five single family foreclosure has sold, and two more homes are under contract to sell. The city has retooled it's Homebuying Program (HAP) to offer assistance to income eligible persons buying our NSP SF homes. The Cevallos Lofts construction continues and should be completed by November 2011.

Activity Description:

\$132,950.00 in NSP Funds will specifically be used to fund a construction loan guarantee fund to spur construction of 3 single family units at the Tierra Del Sol Affordable Showcase of Homes project. Loan Guarantees will be up to 50% of the construction loan provided by the lender to the builder and will require a .05% origination fee payable at the issuance of the loan guarantee. Upon construction completion and sale of the home, the funds remaining in loan guarantee will be released back to the City of San Antonio's Neighborhood Stabilization Program in the form of Program Income.

Location Description:

This redevelopment site is a 5.58-acre tract of land located in the west part of San Antonio bounded at the west by Acme Rd, at the north by the developed Maridel St., at the south by residential properties to the east of the site, and at the west Zarzamora creek.

Activity Progress Narrative:

\$132,950.00 in the form of 3 construction loan guarantees were utilized to spur lending for 3 single family homes at the Tierra Del Sol subdivision. The guarantees were secured and an origination fee collected as program income, however there were some delays in starting construction. The construction is scheduled for the homes in January 2011.

- Assistance will be in the form of a perpetual lien
- DPA up to 5% plus eligible closing costs.

Location Description:

Grants Monitoring and Administration 1400 S. Flores Street San Antonio, Texas 78204

Activity Progress Narrative:

The City has revamped its NSP down payment assistance program to mirror the successful HOME funded HIP program. The NSP version (HAP) will allow for up to 5% down payment assistance plus eligible closing costs. The subsidy will be in the form of a perpetual lien so if the residence sells in the future, funding will comeback to the city in the form of NSP or CDBG program income.

Activity Description:

The Gillette Square Apartments is a foreclosed multifamily apartment complex. The property consists of six (6) two story buildings containing 44 MF units. NSP funds will be used for the full interior and exterior rehabilitation of the property. 40 units will be set aside for persons at or below 50% AMI.

Location Description:

642 Gillette, San Antonio TX 78221

Activity Progress Narrative:

Rehabilitation is complete. 43 units have been completely remodeled and are currently being leased up. GMA is verifying the lease ups to ensure compliance with the property housing 40 units to persons at or below 50% AMI. Staff will be collecting Program Income in the form of two loan repayments for this property.

Activity Description:

For single family homes and multi-family residential properties that are abandoned or foreclosed, this eligible activity will require compliance with four sets of requirements: acquisition, rehabilitation, resale (SF Only), and affordability.

As above, HUD interprets "homes" as any type of permanent residential dwelling unit, including detached single family structures, townhouses, condominium units, multifamily rental apartments (covering the entire property), and manufactured homes where treated under state law as real estate (not as personal property). The NSP Notice defines "abandoned" and "foreclosed" (see excerpts below).

"Residential properties" includes all of the above plus vacant land that is currently designated for residential use, e.g. through zoning.

Acquisition Requirements

- Written approval to purchase the home must be confirmed in writing by GMA
 - Prior to Acquisition, the home must have a GMA approved Site Specific Environmental review of the property.
 - Properties older than 50 years must receive clearance from the State Historic Preservation Office (minimum 30 day turnaround).
 - Maximum purchase price can not exceed \$160,000 for Single Family Homes.
 - Appraisals - Must be completed within 60 days prior to purchase.
 - The purchase price must be at a 15% discount from appraisal.
 - The title must be transferred to the affordable housing partner.
 - Payment must be made directly from the City to the seller (bank).
- The number of NSP affordable housing units made available to low-, moderate-, and middle-income households for example, <= 120% of area median income—reasonably expected to be produced by activity and income level as provided for in DRGR, by each NSP activity providing such housing (including a proposed time schedule for commencement and completion).

Location Description:

Activity Description:

The City of San Antonio maximum allowable limit for NSP properties is \$25,000 or 30% of the current appraised value, whichever is greater up to \$40,000 for single family units. For homes that are designated contributing structures to a historic district or are considered historical landmarks, the maximum allowable rehabilitation limit is \$60,000. The revision would also include integrating a waiver request to consider exceeding the rehabilitation maximum limits. This waiver request must be submitted for all historic units. A waiver request should be made to GMA in writing with a detailed scope of work, cost estimates, and reasoning for the request. Staff shall review the submitted waiver and will respond in writing within 10 calendar days either approving or disapproving the request. Properties identified as historical must attain approval from the State Historic Preservation Office (SHPO).

Eligible rehabilitation costs include weatherization improvements, LBP abatement and testing, ADA compliance, green retrofit improvements, as well as upgrading major systems to bring house up to all local codes. Each project site may include a rehabilitation plan that includes incorporating modern, green building and energy efficiency improvements (such as installation of energy efficient windows, insulation, weather-stripping, solar hot water heaters etc...) Items that are not eligible for the NSP program are appliances, window unit air conditioners, cosmetic improvements that do not involve repair or rehabilitation. For historic designated properties rehabilitation may include recommended SHPO improvements intended to preserve the historical appearance of the home.

Reconstruction and New Construction of single family homes are allowed under this line item.

The external non profit partners are responsible for the construction or rehabilitation of the properties. All local codes and permits must be met, acquired, and approved. The partners will be reimbursed by City for the actual construction costs according to the site plan initially submitted by the non profit partner except when a waiver request has been submitted and approved.

Location Description:

Grants Monitoring and Administration 1400 S. Flores Street San Antonio, Texas 78204

Activity Progress Narrative:

Thru the end of December 2010, 19 rehabilitated single family foreclosures are complete. Rehabilitation on remaining homes have begun and will be completed in the next quarter.
