

The City of San Antonio Survey
HUD PY 2020-2024 Consolidated Plan
FY 2021-2025

The City of San Antonio is in the process of preparing its Five-Year Consolidated Plan for submission to the U.S. Department of Housing and Urban Development (HUD). The Consolidated Plan will serve as the blueprint for the expenditures of federal funds in the City from October 1, 2020 to September 30, 2025.

As part of this five-year planning process, San Antonio is required to identify the housing and community development needs for low to moderate income persons and households, as well as persons with special needs such as disabilities, substance abuse, mental illness, HIV/AIDS, the elderly, the youth, etc. Your participation in this planning process will enable the City to develop an accurate strategy that addresses the priority needs of these groups and individuals.

Please complete this survey no later than April 1, 2020, and email it to the contact below. Kindly attach any additional information (statistics, survey, studies, reports, applications, observations, annual reports, etc.) that will help the City to identify affordable housing needs, including barriers to affordable housing and employment issues.

Thank you for your prompt response to this survey and for assisting the City of San Antonio with completing its consolidated planning responsibilities. If you have any questions regarding the survey, please contact:
