WHEREAS, the City Council of the City of San Antonio, Texas wishes to order an election for Tuesday, November 6, 2018, for that purpose; NOW THEREFORE,

BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF SAN ANTONIO:

SECTION 1. Section 43.0117(b) of the Local Government Code provides: A municipality may annex for full or limited purposes, under the annexation provisions applicable to that municipality under this chapter, any part of the area located within five miles of the boundary of a military base in which an active training program is conducted. The annexation proposition shall be stated to allow the voters of the area to be annexed to choose between either annexation or providing the municipality with the authority to adopt and enforce an ordinance regulating the land use in the area...
in the manner recommended by the most recent joint land use study, including the authority to adopt and impose fees, fines and other charges.

A special election is ordered to be held in the various voting precincts of the City of San Antonio’s ETJ on Tuesday, November 6, 2018, to submit the following proposition to the qualified voters of the areas within five miles of the Lackland Air Force Base and the Lackland Air Force Base – Medina Training Annex:

**CITY OF SAN ANTONIO PROPOSITION A**

It is the intent of the City of San Antonio to permit the qualified voters of the area located within five miles of the boundary of the Lackland Air Force Base and the Lackland Air Force Base – Medina Training Annex. The subject area of the proposed to choose between limited purpose annexation or providing the City the authority to adopt and enforce an ordinance regulating the land use in the area in the manner recommended by the most recent joint land use study, including the authority to adopt and impose fees, fines and other charges.

The area of the election is as follows: An area in the southwestern portion of Bexar County comprising approximately 12,973.96 acres generally described as bound on the north by Military Drive West; on the east by the San Antonio City Limit Line and the western boundary of the Lackland Air Force Base-Medina Training Annex; on the south by an area north of Pearsall Road; and on the west by an area east of Montgomery Road and the western right of way of Grosenbacher Road. A map and detailed description of the area is attached (Attachment A). Upon annexation for full purposes (within three years after limited purpose annexation occurs) the following services will be provided, as applicable, in the annexation area:

- **(A)** police protection;
- **(B)** fire protection;
- **(C)** emergency medical services;
- **(D)** solid waste collection;
- **(E)** operation and maintenance of water and wastewater facilities in the annexed area;
- **(F)** operation and maintenance of roads and streets, including road and street lighting;
- **(G)** operation and maintenance of parks, playgrounds and swimming pools; and
- **(H)** operation and maintenance of any other publicly owned facility, building or service.

None of the above listed services, other than those already being provided will be provided during the three year limited purpose annexation period but will be provided upon full purpose annexation. During the three year period, a regulatory plan that delineates a schedule for the provision of
services will be promulgated pursuant to Chapter 43, Subchapter F of the Texas Local Government Code.

Option 1 authorizes the City of San Antonio to annex for limited purposes the area to apply its planning, zoning, health, and safety ordinances around the military bases.

Limited Purpose Annexation is a form of annexation where, for a period of up to three years, the area is subject to municipal planning, zoning, health, and safety ordinances; there are no City taxes and no municipal services will be provided to the area; however, limited purpose annexation includes the authority to impose related fines, fees and other charges. Qualified voters in the area may vote in City elections on all issues except financial matters such as bond elections. At the end of the three year period, a decision will be made by the City Council regarding the full purpose annexation of the subject area.

Option 2 provides the City the authority to adopt and enforce an ordinance regulating land use in the area in the manner recommended by the most recent Joint Land Use Study, including the authority to adopt and impose fees, fines and other charges.

A vote for regulating land use will provide for the area to remain in the unincorporated area of the City’s extraterritorial jurisdiction. There will be no City taxes and no municipal services will be provided to the area. Fees, fines and other charges will be related to the permitting and enforcement of land use regulations. Any fees and charges imposed will be based on a cost recovery model for the development activity and will be consistent with the development fees and charges currently adopted for properties within the City of San Antonio. Maximum fines for violations will be based on allowances by state law; actual fines will be imposed upon adjudication. Land use regulations aim to protect the mission of the military bases, which are impacted by density, lighting, noise, height, encroachment, and natural habitat.

Leaving the ballot blank or voting for both Option 1 and 2 will result in authorization of Option 2.

SECTION 2. The official ballots for the special election shall be prepared in accordance with the Local Government Code and the Texas Election Code to permit the electors to vote for one of two options in the proposition, with the ballots to contain such provisions, markings, and language as required by law, to be expressed substantially as follows:
