WHEREAS, the Property is located within the extraterritorial jurisdiction of the City of San Antonio, as that term is defined in Section 42.021 of the Local Government Code (the "Extraterritorial Jurisdiction"), and the Operator seeks assurances from the CITY that the Property will not be annexed into the CITY for a ten (10) year period; and

To facilitate such annexation, the Operator shall execute and submit a "Petition for Annexation" (a copy of which is attached hereto and incorporated herein for all purposes as Attachment II) to the City, within sixty (60) days following the occurrence of the execution of this Agreement by the Operator. Should Operator fail to provide the executed Petition for Annexation within the sixty (60) day period noted above, this Agreement shall be terminated by the City upon notice to Operator. This Section 3 shall survive the termination of this Agreement.

2. In year four (4) of this Agreement, Operator shall provide City with Operator’s Bexar County ad valorem tax filings and Texas Direct Payment Permit return filings for the Property and any other documentation necessary for the City to undertake an Annual Payment review, which shall result in the
recalculation of the Annual Payment (the “Payment Review”). The Payment Review recalculation shall establish Operator’s annual payment to City in years four (4), five (5) and six (6). Operator shall provide the ad valorem tax filings and Texas Direct Payment Permit return filings for the Property on February 1st, and no later than thirty (30) days after February 1st, of year four (4). The Payment Review shall consider both positive and negative adjustments to establish the Annual Payment.

3. In year seven (7) of this Agreement, Operator shall provide City with Operator’s Bexar County ad valorem tax filings and Texas Direct Payment Permit return filings for the Property and any other documentation necessary for the City to undertake a second Payment Review. The year seven (7) Payment Review shall establish Operator’s annual payment to City in years seven (7), eight (8) and nine (9) of this Agreement.    ii. Calculate the average annual personal property taxes for the Property based on the previous three years.

8. Should the State approve any change to the amount subject to direct pay sales and use tax for the MTA that would otherwise not affect that which would be subject to the City’s total sales tax rate, the company must provide notice to the City through its Economic Development Department Director for any such change.

9. If the final valuations for real and personal property taxes at the time in which the City undertakes the Payment Review are under protest or not yet finalized, the Operator must inform the City of such protest at the time in which Operator submits the documentation necessary for the City to undertake its Payment Review. Should a reduction of direct pay sales and use tax for the MTA, real property and/or personal property taxes be given to Operator after the City has completed its Annual Payment Review, upon receipt of documentation from the Operator, the City will recalculate the Annual Payments impacted by the reduction. Operator will be given a credit in the amount of Operator’s contribution to the City’s Workforce Development Fund and shall have the same number of years to repay the City the recaptured amount as the number of years of the Agreement completed prior to termination.

(E) If, during the Term of this Agreement, Operator fails to maintain the minimum number of Full-Time Job in accordance with Article IV(D) of this Agreement, then the CITY shall have the following rights:

(1) If the average number of full-time jobs that are solely located on the Property and/or supported by and report to the Property are less than 100% but greater than or equal to 50% of the given number requirements in Article IV(D), then the Operator must contribute a payment of TWO THOUSAND FIVE HUNDRED DOLLARS AND 0 CENTS ($2,500.00) to the City’s Workforce Development Fund for each Full-Time Job below the given requirement within sixty (60) days of being notified by the City of non-compliance;

(2) If Operator fails to maintain at least fifty percent (50%) of Full-Time Jobs solely located on the Property or fifty-percent (50%) of the Full-Time Jobs “supported by” the Property, then the City shall have the right to terminate the Agreement, recapture one-hundred percent (100%) of the difference between the total amount of the City’s Foregone Revenue and the total amount of the Annual Payments made by Operator to the City up to the year of termination. Operator shall be given credit for Operator’s contributions to the City’s Workforce Development Fund not already
used for other minimum wage and/or job requirements violations.

Operator shall have the same number of years to repay the City the recaptured amount as the number of years of the Agreement completed prior to termination.

(F) If, in any year during the Term of this Agreement, Operator fails to pay the minimum wage requirements in accordance with Article IV(D) of this Agreement, then the CITY shall have the following rights:

(1) The City will have the right to recapture one-hundred percent (100%) of the difference between the City’s Foregone Revenue and the Operator’s Annual Payment to the City in that year, with credit given for the Operator’s contributions to the City’s Workforce Development Fund. However, once an amount of credit is given to Operator for a failure to maintain the minimum wage threshold, that credit will be debited from the balance of credit available for any future violations; and

(2) The Operator must provide a contribution of TWO THOUSAND FIVE HUNDRED DOLLARS AND 0 CENTS ($2,500) to the City’s Workforce Development Fund for each Full-Time Job not meeting the minimum wage standard and/or for the equivalent number of full-time jobs comprising the percentage deficiency below the seventy-percent (70%) threshold within sixty (60) days of being notified by the City of non-compliance.

(G) For the purposes of this Agreement, the City’s “Foregone Revenue” shall be defined as the difference between the Annual Payment amount and the total ad valorem property taxes and direct pay sales and use taxes that would have otherwise been paid to the City for a given year during the Term of the Agreement.

(H) Notwithstanding anything contained herein to the contrary, the obligations of the Parties under this Agreement shall be suspended as a result of a Force Majeure event. Should the Force Majeure continue for a period of three (3) months, then either party may seek to terminate this Agreement without giving rise to any claim by either party. For purposes of this section, “Force Majeure” is defined as an act of God, natural disaster or an unforeseen event that is not within either Parties reasonable control. In addition to relief expressly granted in this Agreement, City shall grant relief from performance of this Agreement if Operator is prevented from compliance and performance by an event of Force Majeure, and the City shall have the right to commence annexation procedures. The burden of proof for the need for such relief shall rest upon Operator. To obtain release based upon a Force Majeure, Operator must file a written request with the City’s Economic Development Department for processing to City.

Exhibit C
STATE OF TEXAS
COUNTY OF BEXAR

BASIC FIRE SERVICES AGREEMENT

This Basic Fire Services Agreement (hereinafter referred to as the “Fire Services Agreement”) is made and entered into by and between the City of San Antonio (hereinafter referred to as the “City”), a Texas municipal corporation acting by and through its City Manager or designee, pursuant to Ordinance No. 2016-11-10-____ dated November 10, 2016 and Halliburton Energy Services, Inc., a Delaware corporation, its successors and assigns (hereinafter referred to as the “Operator”) (collectively, sometimes referred to as the “Parties”).

WHEREAS, the Operator owns a certain 150.26 acre tract of land located at 4526 S. Loop 1604, San Antonio, Texas situated in Bexar County, Texas, such tract being depicted on Attachment I hereto (the “Property”), and has constructed a facility associated with the Operator’s business activities as an energy oil and gas well service provider on the Property; and

WHEREAS, the “Property” is located within the extraterritorial jurisdiction of the City of San Antonio, as that term is defined in Section 42.021, Extent of Extra-territorial Jurisdiction, Texas Local Government Code, and has been designated an Industrial District by City ordinance; and

WHEREAS, the City and the Operator desire to enter into this Fire Services Agreement that will run concurrently and be subject to the Industrial District Non-Annexation Agreement entered into between the City and the Operator pursuant to Ordinance No. 2016-11-10-____ passed by the City Council of the City of San Antonio, Texas on the 10th day of November, 2016; (the “Industrial District Non-Annexation Agreement”); NOW THEREFORE:

The Parties hereto severally and collectively agree, and by the execution hereof are bound, to the mutual obligations herein contained and the performance and accomplishment of the tasks hereinafter described:

SECTION 1. City agrees to provide fire protection and firefighting services to the Property in the same manner and to the same extent as if said Property were located within the city limits of the City of San Antonio, except as limited by the provisions of this Fire Services Agreement. City shall provide said services beginning on the date of execution of this Fire Services Agreement and ending upon the earlier to occur of; (a) the expiration of the Industrial District Non-Annexation Agreement; or (b) the earlier termination of this Fire Services Agreement (the “Term of the Fire Services Agreement”). Operator understands and agrees that the City does not provide emergency medical services (“EMS”) to unincorporated areas of Bexar County. Therefore, City will not be providing “First Responder” or EMS services to the Property.

SECTION 2. For and in consideration of Operator receiving fire protection and firefighting services from CITY, Operator shall pay City a basic fire service fee of FORTY THOUSAND DOLLARS AND 0 CENTS ($40,000.00) annually (the “Annual Service Fee”). Operator shall pay the Annual Service Fee within ten (10) business days of execution of this Fire Services Agreement.
Agreement and thereafter Operator shall pay the City the Annual Service Fee no later than the anniversary date of the execution of this Agreement every year of the Term of the Fire Services Agreement. Such basic service fee shall not include the response fee(s) required for hazardous materials (HAZMAT) incidents as such fee(s) are established in City Ordinance No. 72267, and as amended.

SECTION 3. Operator agrees that as a condition to receiving fire protection and firefighting services under the terms of this Fire Services Agreement that:

A. All site development in the Industrial District shall comply with those requirements set forth in the Industrial District Non-Annexation Agreement.

B. Persons designated by the City shall be provided reasonable access and permitted to inspect, at reasonable times, structures to be provided fire protection and firefighting services to assure that the construction on the Property is in compliance with all applicable City building, fire, plumbing and electrical codes, regulations and ordinances.

SECTION 4.

A. It is further agreed by Operator that when any building or structure of the Property is on fire or may be deemed to be hazardous and likely to take fire or communicate the fire to other buildings, the City, through its Fire Chief or designated representative, may do whatever may be deemed necessary by him for the safety and protection of property and citizens when controlling a fire.

B. Operator agrees to fully indemnify, defend and hold harmless the City and the elected officials, agents, and employees, officers, directors and representatives of City, individually or collectively, from and against any and all costs, claims, liens, damages, losses, expenses, fees, fines, penalties, proceedings, actions, demands, causes of action, liability and suits of any kind and nature including, but not limited to, personal injury or death and property damage, made upon City directly arising out of, resulting from or related to Operator’s negligence pursuant to this Fire Services Agreement, including any acts or omissions of Operator, any agent, officer, director, representative, employee, consultant of Operator, and their respective officers, agents, employees, directors and representatives while in the exercise of performance of the rights or duties under this Fire Services Agreement, all without, however, waiving any governmental immunity available to the City under Texas law and without waiving any defenses of the Parties under Texas law. IT IS FURTHER COVENANTED AND AGREED THAT SUCH INDEMNITY SHALL APPLY EVEN WHERE SUCH COSTS, CLAIMS, LIENS, DAMAGES, LOSSES, EXPENSES, FEES, FINES, PENALTIES, ACTIONS, DEMANDS, CAUSES OF ACTION, LIABILITY AND/OR SUITS ARISE IN ANY PART FROM THE NEGLIGENCE OF CITY, THE ELECTED OFFICIALS, EMPLOYEES, OFFICERS, DIRECTORS AND REPRESENTATIVES OF CITY, UNDER THIS CONTRACT. The provisions of this INDEMNITY are solely for the benefit of the Parties hereto and not intended to create or grant any rights, contractual or otherwise, to any other person or entity. Operator
shall promptly advise City in writing within 24 hours of any claim or demand against City or Operator known to Operator related to or arising out of Operator’s activities under this Fire Services Agreement and shall see to the investigation of and defense of such claim or demand at Operator’s cost. City shall have the right, at its option and at its own expense, to participate in such defense without relieving Operator of any of its obligations under this paragraph.

It is the EXPRESS INTENT of the Parties to this Agreement that the INDEMNITY provided for in this section is an INDEMNITY extended by Operator to INDEMNIFY, PROTECT and HOLD HARMLESS the CITY from the consequences of the CITY’S OWN NEGLIGENCE provided, however, that the INDEMNITY provided for in this section SHALL APPLY only when the NEGLIGENT ACT of the CITY is a CONTRIBUTORY CAUSE of the resultant injury, death or damage and shall have no application when the negligent act of the CITY is the sole cause of the resultant injury, death or damage. Operator further AGREES TO DEFEND, AT ITS OWN EXPENSE and ON BEHALF OF THE CITY AND IN THE NAME OF THE CITY, any claim or litigation brought against the CITY and its elected officials, employees, officers, directors, volunteers and representatives, in connection with any such injury, death or damage for which this INDEMNITY shall apply, as set forth above. In addition, it is agreed by Operator that CITY shall not be responsible for, nor will it be required to, replace or repair any such damage sustained by any building and its contents as the result of firefighting operations.

C. City will use due diligence in providing fire protection and firefighting services to the Property. City, however, does not in any way assume to act as an insurer of the Property covered under this Fire Services Agreement or to pay for any damage that may occur as a result of fire, water or explosion. Nor does City assume any obligation under the terms of this Fire Services Agreement to construct additional fire stations, purchase additional firefighting equipment, or hire additional manpower for the protection of the Property. Rather, Operator understands that it is not entitled to any greater protection than residents located within the City receive and that City will not be held liable for any additional time required to respond to a fire alarm because said premises and structures are located outside the corporate limits of City.

D. Operator shall provide the City Fire Chief an engineer’s site plan, approved by the City Fire Chief, showing the location of any new building or buildings to be provided fire protection prior to the date of Operator’s construction of any new buildings at the Property.

SECTION 5. Operator agrees that the Property will be for the exclusive use of industry consistent with City’s Non-Annexation Agreement, adopted prior to this Fire Service Agreement.

SECTION 6. This Fire Services Agreement may be terminated by the City for Operator’s non-payment of the Annual Service Fee if the non-payment continues uncured for a period of thirty (30) days from the date Operator receives written notice from the City Finance Department of its failure to pay the required fees. The Finance Department shall send a copy of written notice to
the Economic Development Department Director. The foregoing notice of cancellation or intention to cancel or terminate this Fire Services Agreement shall specifically state: (1) the sums then due and owing, (2) that Operator's failure to make the required payment within thirty (30) days of the date Operator receives written notice shall result in cancellation or termination of the Fire Services Agreement, and (3) the date by which the payment must be received by City to avoid cancellation of the Fire Services Agreement. Operator may terminate this Fire Services Agreement on January 1 of any year of the Term of this Fire Services Agreement by giving not less than thirty (30) days prior written notice of termination to City.

SECTION 7. It is understood by the Parties hereto that if the Industrial District Non-Annexation Agreement is terminated for any reason by either Party, then this Fire Services Agreement will automatically terminate. The Parties further agree that upon annexation of the Property by the City, this Fire Services Agreement will automatically terminate. It is further agreed by the Operator that should any portion of the Property become annexed by City, such parcel or parcels shall no longer be eligible for fire protection/firefighting services under this Fire Services Agreement, and City may, without notice, immediately cease providing said services upon the effective date of said annexation by the City. If the Fire Services Agreement is terminated pursuant to this Section 7, then City shall refund to Operator an amount equal to the pro rata portion of the last Annual Service Fee paid by the Operator that is attributable to any period following the date of termination.

SECTION 8. Operator understands and agrees that its rights to fire protection and firefighting services pursuant to this Fire Services Agreement are not transferable or assignable by Operator without the prior written consent of City, unless such assignment is to a successor entity or affiliate of the Operator.

SECTION 9. If any clause or provision of this Fire Services Agreement is held invalid, illegal or unenforceable under present or future federal, state or local laws including, but not limited to, the City Charter, City Code, or ordinances of the City of San Antonio, Texas then, and in that event, it is the intention of the Parties hereto that such invalidity, illegality or unenforceability shall not affect any other clause or provision hereof and that the remainder of this Fire Services Agreement shall be construed as if such invalid, illegal or unenforceable clause or provision was never contained herein.

Should Operator fail to perform any term, condition or covenant contained in this Fire Services Agreement, and such failure continues for a period of thirty (30) days after Operator's receipt of written notice from City of such failure, then City shall have the right to terminate this Fire Services Agreement.

SECTION 12. This Fire Services Agreement shall be binding on and inure to the benefit of the Parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns, except as otherwise expressly provided for herein.
