

SA Tomorrow Comprehensive Rezoning Request

(One form per parcel)

The purpose of this form is to allow property owners to request consideration of a different zoning classification for their property. Each request will be reviewed by Planning Department staff, who will request a follow-up meeting with the property owners, if needed. Once staff has reviewed the request, a rezoning recommendation will be formulated based on the future land use recommendations of the adopted sub-area plan. The rezoning recommendation will be presented to and considered by the Zoning Commission for a recommendation, and the City Council for a final decision.

Please complete the entire form and return to:

City of San Antonio
Planning Department
PO Box 839966
San Antonio, Texas 78283-3966

Property Owner(s) Name: _____

Property Address: _____
