April 22, 2014

Dear Pre-K 4 SA Families,

As you may have already heard on the local news and social media yesterday, there was a threat being made toward a San Antonio-area elementary school. The threat was not specific to any particular school, but did allude to the possible violence being committed on the morning of Thursday, April 24. While this may be a hoax, all schools are treating the threat seriously. Yesterday police chiefs from area school districts met with SAPD and state and federal law enforcement agencies to discuss a collaborative and coordinated approach to this situation. Security is being heightened by all area agencies to include San Antonio Police Department, Local School District Police, the Bexar County Sheriff's Department and the FBI. Anyone with information about this situation or anything suspicious in nature are being asked to report the information to (210) 225-TIPS (8477).

The safety of your children is our first and foremost priority. Although no specific threat has been made toward our Pre-K 4 SA Centers, we will take extra precautions over the next few days along with all schools in the city to have heightened security. Our Centers will be provided extra security by SAPD on Thursday.

If you have any further concerns, please feel free to call the North Education Center at (210) 206-2800 or the South Education Center at (210) 206-2700.
