   c. Officers transporting any individuals, male or female, will request a time check and give their vehicle odometer reading to the dispatcher upon leaving the scene and upon arrival at their destination.
   d. The contents of the vehicle being towed must be inventoried and documented using an Incident Report.

4. Parked over two (2) hours on the untraveled portion of an expressway; and

5. Municipal Court Orders of Impoundment, provided:
   a. The vehicle is illegally parked;
   b. The officer has a copy of the court order; and
c. The court order is returned to Municipal Court.

B. If the owner of a vehicle being towed arrives at the location to claim the vehicle and the Contract Wrecker operator has attached ALL the equipment required to tow the vehicle, the vehicle is released to owner and the operator of the Contract Wrecker will be allowed to charge the vehicle’s owner a “drop fee”. The officer will write “DROP FEE” on the TSR. If ALL the required equipment has not been attached, no “drop fee” can be charged and the vehicle is released to the owner.

C. When stopping persons with no proof of auto liability insurance, officers shall utilize the following procedures (via the Information Channel) to attempt to verify insurance coverage.

1. Ask the driver for the name of the insurance company, phone number and agent’s name.
2. Contact dispatch – provide driver’s name, age, insurance agency and phone number, vehicle make, model, year, VIN #, agent’s name.
3. If dispatch can verify coverage, proceed with stop; do not write ticket for no insurance coverage.
4. If dispatch cannot verify coverage, the officer should consider the circumstances surrounding the situation before deciding if the vehicle should be towed, such as:
   a. Physical condition of driver, (elderly, sick, etc.);
   b. Weather conditions;
   c. Call load;
   d. If the driver is from out of state;
   e. If there are small children in the car and/or the number of children;

   j. Time of day; and
   k. Location (desolate areas, open fields, safety issues, etc.)
5. If the officer decides to have the vehicle towed, the officer will allow a minimum of 30 minutes, before the wrecker arrives, for the driver to provide proof of insurance. Officers will not initiate an inventory of the vehicle until after the 30 minute timeframe has elapsed. An admission to being an uninsured driver allows the officer to proceed without a mandatory waiting period.
6. Once it has been determined the driver is uninsured, officers shall not allow vehicles to be parked instead of towed. They will either have the vehicle towed or allow the driver to proceed with the vehicle.
7. If an officer makes the decision not to tow an eligible vehicle because the driver fails to provide Evidence of Financial Responsibility, the officer will notify his supervisor of this decision before allowing the driver to proceed. This provides the supervisor the opportunity to review and approve those circumstances which caused the officer to decide not to tow. Nothing in this procedure requires the supervisor to make the scene to determine if a tow is required.

D. The following N-Codes will be used on all traffic stops involving “Failure to provide Evidence of Financial Responsibility,” when the vehicle is released. Also, the sergeant authorizing the decision not to tow will have their name entered on the Dispatch N-Code card.
