ACS Foster Care List - Dog

The animals on this list are all currently living with a foster parent. If you are interested in adopting one of these amazing pets please email acsrescue-foster@sanantonio.gov with the ANIMAL ID right away to set up a meet-and-greet. Even though these animals are in foster care, there may be some that are not yet available for adoption because they may be too young, receiving medical care, or undergoing a training program. Adopting an animal from foster care is a great way to add a new member to your family because you will often get a pet that is already housebroken, leash trained, crate trained, and may even know a few tricks as well. Most importantly, adopting from foster care will allow our fosters to come back to our shelter and find another pet to foster meaning that you will have helped to save more than one life.

(N) 4 YEARS, BR BRINDLE, AMERICAN STAFF / BLEND DOG

Trainer Evaluation Notes: **PLAY GROUP:** This handsome boy is friendly and happy with people. He met several dogs through the fence at play group. He seemed to be interested in greeting a few of them, but reacted negatively to a couple. Due to the amount of dogs we had in play group at the time, we think it would be best to conduct a 1 on 1 meet and greet with him and another dog.

(S) 2 YEARS, WHITE / BROWN, AMERICAN STAFF DOG

Web Notes: I am not physically at ACS, but am in need of a home. I need someone who has time to devote to me, and develop my training. I am coming from a home with two small dogs. I am not playing well with the two housemates. Please understand this issue, so we can work together thru this. I may be hesitant with small children, and not sure if this is the best fit for me either. I am not damaged, but, do need a human, who can help me with this matter. Please contact ACS for my information.

(S) 5 YEARS, TAN / WHITE, AMERICAN STAFF / BLEND DOG

Staff Notes: Daisy girl is a sweet, well mannered, well behaved pup. She was owner surrendered due to losing mobility in her back legs and the owners couldn't afford to care for her. They made the hard decision to surrender her in hopes that she could receive medical care. Daisy is able to walk but is having trouble and would benefit from further diagnostics at a private vet. She takes her treats so gently and is a very loving girl deserving of a second chance!

(N) 1 YEAR 9 MONTHS, BROWN, AMERICAN STAFF / BLEND DOG

Staff Notes: Rex is a handsome, loveable guy who came in after being reportedly hit by a car. He really is a lucky, strong boy. Upon arrival, Rex's prognosis looked very grim. He was unable to walk and could barely sit up on his own. Just a few short days of vet care later and he's a whole new dog! He is still tender and needs a few more weeks of rest but he is doing very well. Rex is looking for a calm place as all this barking is making him nervous.

Trainer Evaluation Notes: **ROUNDS:** Petey is a sweet friendly boy. Happy in the kennels. Accepts affection, treats, and the leash. Walks out easily and was not reactive towards other dogs nearby. Interested in meeting them and did not react when barked at. Needs leash work but is trainable. Enjoys being outside and would occasionally come back to handler for affection. Would be a great dog for an active family.
