FOR THOSE WHO DREAM

We’re here for those who dream. Those whose vision of the future is one that lifts us all, and those whose hopes start a little closer to home. Every day we see the dreams of those looking to improve themselves through education or hard work come to life. Because every dream matters, and we’re here with reliable, affordable, safe power to dream.

Every year, the people of San Antonio come together and celebrate the largest MLK March in the world. We march not only in an act of solidarity to honor Dr. Martin Luther King Jr.’s legacy, but to advance his vision of love, peace and justice for all. As your mayor, I have the privilege to serve and work with you every single day towards the goal of creating a more equitable city—a community in which every child, every family, and every neighborhood can achieve their God-given potential.

In our city, there is an ethos of compassion, a community value of empathy toward every neighbor. The MLK March is the physical manifestation of this collective love. Thousands of San Antonio residents, young and young at heart, faithful and secular, impoverished and privileged, Anglo, Hispanic and African American join hands and imagine a more just and compassionate society. This march for progress does not happen by chance. I want to thank the San Antonio MLK Jr. Commission for the work they do to carry this torch, from the hundreds of hours that go into planning the Commemorative March to the education and youth workshops that energize our next generation of leaders. We march as part of a movement for greater human and civil rights, a legacy that has a long history in the city of San Antonio.

From the Woolworth lunch counter to MALDEF’s lawsuits for equality in education, our city has led the charge for change. Yet we still have work to do. A recent study marked San Antonio as the most economically segregated city in America, a statistic closely correlated with race. Other research discovered a ten-year gap in life expectancy from one zip code to another, robbing precious years of life simply for being born in a different place. This inequity and injustice is not only immoral, but holds our entire city back from being as great as it can be. With your support, we’re working to promote equity and prosperity in every community.

In the coming year we will usher in a new era of mobility at City Hall. Whether it is improving physical mobility by providing our transit partners with necessary funding or allowing for more socioeconomic mobility by supporting initiatives like Alamo PROMISE, our Climate Action and Adaption Plan, and our City’s equity budget – San Antonio is moving and flourishing. I believe that if you were to choose any time in history to live in San Antonio, you would pick right now. Thanks to your work, your advocacy and your passion for progress, we are a more equitable community than ever before. We will continue striving for Dr. King’s vision of compassion and keep marching toward a more perfect city and nation.

The Honorable Ron Nirenberg
Mayor of San Antonio
The Legacy Of Dr. Martin Luther King, Jr., Lives On

At H-E-B, we are committed to serving and helping others from all walks of life. This month and all year long, join us in celebrating the dream of Dr. Martin Luther King, Jr., by helping and serving others in your community.

On behalf of the City of San Antonio and City Council District 2, it is my pleasure to welcome you all to this remembrance and celebration of the life and message of Dr. Martin Luther King Jr. Dr. King believed in a nation of freedom and justice for all, and encouraged all citizens to live up to the purpose and potential of America by applying the principles of nonviolence. MLK Day of Service is a way to honor his life and teachings by engaging in community action that continues to solve social problems. Reverend Raymond “R.A.” Callies had organized the first march honoring Dr. King in 1968. Since then, our march has grown to include thousands of diverse participants each year from all across the country. San Antonio hosts the largest march in the nation, with approximately 300,000 participants.

It is of utmost honor for me to serve as Councilmember for San Antonio City Council District 2. The Eastside of our District was the place where the first march was organized. Dr. King had inspired individuals and the nation to believe in personal, social, and global change. He showed the world the unstoppable power of his dream for racial equality, diversity, and love. The annual MLK march is an opportunity to celebrate Dr. Martin Luther King’s legacy while uplifting diversity and multi-culturalism in our city.

The MLK Commission has worked very hard to ensure that the celebrations are special and memorable. We sincerely hope that you can join us for the march and other related events thus promoting equity, love, diversity, unity, and social justice.

Sincerely,

Jada Andrews-Sullivan
San Antonio City Council, District 2
If you can’t fly, then run
If you can’t run, then walk
If you can’t walk, then crawl
But whatever you do,

KEEP MOVING FORWARD

- Dr. Martin Luther King Jr.
Dear Brothers and Sisters:

On behalf of Bexar County and the State of Texas, I am honored to welcome you to the 2020 Martin Luther King March. The San Antonio March was founded by the two primary strains of black leadership in San Antonio—the civil rights leaders and its activist religious leadership. In 1969 the Student Nonviolent Coordinating Committee (SNCC) marched with about 100 people from Iowa Street to Mt. Zion First Baptist Church to keep Dr. King’s issues alive.

However, it was Rev. R.A. Callies and his family who should be credited with the consistent evolution of the MLK March as it stands today. They began marching in the early 1970s, and it was in 1978 that there was a call to action to create a big march. They called upon Tommy Calvert, Sr. to use his logistical concert promotion and production expertise along with his civil rights and neighborhood organizing skills to bring together Hispanics, peace activist, and others through meetings around town to create a statement of unity. Leading the march were the local NAACP, OUED (Organizations United for Eastside Development), ROBBED, Ethyl Minor, Lillian Sutton-Taylor, Rev. R.A. Callies, Mario Salas, John Sanders, Rick Greene, Robert Johnson, Vashon Byrd, and many ordinary citizens.

The initial marches were not supported by most elected leaders from the City of San Antonio or Bexar County. I’m glad to report things have changed. It is time to properly honor our civil rights trailblazers who often go underappreciated in the community.

I want to thank the San Antonio MLK Commission for their tireless work to bring together this annual march, other commemorations, and administer the Martin Luther King, Jr. Scholarship Fund.

This year let us do our best to live like MLK every day. He never allowed a day of his life to pass without doing something for future generations. With renewed hate, violence, gender persecution, immigrant bashing, authoritarianism, and war in the air—join me in praying and working for more peace, love, and active resistance. Let’s come together and show people of good will standing up for freedom, justice, and prosperity for all our fellow brothers and sisters everywhere.

Always your voice,

Tommy Calvert, Jr.

San Antonio MLK Foundation
— DR. KEELY PETTY —
COMMISSION CHAIR

It is my sincere pleasure to serve as your Commission Chair for the 2020 San Antonio Reverend Dr. Martin Luther King Jr. commemoration. It is a joy to know that the city of San Antonio hosts the largest march in the world because the residents are keeping the dream alive! Dr. King’s dream of justice and equality for all is paramount in this hour as equal rights and justice for all are under attack. The residents of San Antonio have proven since 1987 that the attack on equal rights and justice can and will be overcome as we continue to be reminded of the dream. In 1963 Dr. King was speaking at the March on Washington with more than 300,000 in attendance at our nation’s capital, it was their he said “I have a dream that one day our nation will…live out the true meaning of its creed: We hold these truths to be self-evident that all men are created equal.”

I believe Rev. R.A. Callies caught a glimpse of the March on Washington in 1963, and was inspired to do something about it in 1968…. What he started has grown by leaps and bounds as he shared his dream with San Antonio and now, we dream together! His steadfastness, grace, and determination are keeping Dr. King’s legacy alive from one generation to the next.

Our theme this year is Dream, Believe, Unite, and Do which is what every human heart desires. These virtues will keep us in remembrance of how our ancestors fought, die, and some gave up on the dream of equality and justice. It is to this cause that we boldly celebrate the accomplishments and progress that have been made thus far. Let’s help others continue to dream, believe, unite and do as “Our lives begin to end the day we become silent about things that matter” as spoken by Dr. Martin Luther King Jr.

Many thanks to the MLK Commission members, volunteers, spectators, and supporters who unite, and do because they believe the dream is alive! And constantly prove it by their endless acts of service to make this march remarkable.

You Are Simply The Best,

Dr. Keely

ORIGIN OF THE DR. MARTIN LUTHER KING JR. MARCH IN SAN ANTONIO, TX

Following the death of Rev. Dr. Martin Luther King, Jr. April 4, 1968, Rev. Dr. R. A. Callies, Sr., launched and ignited what would become to be recognized as the largest civil rights march in the United States. Who would have imagined that 50 years later a city with a population of less than 10% African American would be host to the largest march today! The intent of Rev. Callies was not to see how large he could grow the march but to help the city of San Antonio recognized that the citizens on the eastside were being deprived of a number of basic needs such as city parks, bridges at low water crossing, sidewalks, traffic lights and jobs for the youth.

Born in El Campo, Texas, September 12, 1929, Rev. Callies, was the founder and builder of Christian Fellowship Baptist Church and First Gethsemane Baptist Church (now renamed). He was a man of God and had a genuine love for mankind. He was a loving husband to Eunice E. Callies and father of five children Raymond A. Callies, Jr., Arlington R. Callies, Doris M. Dunlap, Yvette Wilson and Phyllis Holland. He was the first recipient of the distinguished achievement award presented the the Martin Luther King Commission. He was the founder and organizer of the Youth Leadership Conference for Community Progress and the motto was “Building Our Youth for a Greater America with the hand of Providence,” established in 1968.

Coming from a humble beginning Rev. Callies refused to accept complacency as he continued to push the envelope for better conditions. His passion and love for mankind and America was the fuel that provided him the courage to pursue excellence and not accept average. His fight for equality included but was not limited to several trips to city council, leading a march in the right lane of a four lanes street because that was all the city permitted and writing letters to the editor. The marches begin with 10-12 folks with a policeman in the front and one in the rear. In an effort to attract additional followers Rev. Callies mounted two speakers to the cab of his red truck and played gospel music and several speeches by M.L. King such as “I have A Dream” and “Letter from Birmingham Jail.” People who use to watch the march begin to take notice and join in as we pressed forward. They didn’t worry about how they were going to get back to their homes but wanted to be part of a movement for justice and equality for all people regardless of race, religion, gender and social economic status.

Finally, the city heard the voice of Rev. Callies and grant him the things he had march for such as J-Street and Martin Luther King park, Martin Luther King Plaza, Rice Road bridge, Freedom Bridge (named after Rev. R. A. Callies), changing Nebraska Street to MLK drive, changing the name of James W Riley to Martin Luther King Middle School. As a shop instructor at MLK middle school for over thirty years in the SAISD, Rev. Callies had a genuine love for youth and cared about their future. He recognized that a number of youth struggle to find jobs during the summer. He went back to the city council in an effort to obtain funding and created summer jobs that included cleaning city parks, working in the library and cleaning the city cemetery.

The unveiling of the Martin Luther King statue in 1982 is probable Rev. Callies greatest accomplishments because of the tireless efforts it took to raise the appropriate funds. The city supported the idea of having a life size figure of Dr. King but did not fund 100% of the project. So, Rev. Callies took action and actively reach out to the youth in the community to help with the worthy project. He collected empty Folgers Instant coffee cans, painted them red and use them to collect money for the Martin Luther King statue. Every Saturday morning for approximately five years Rev Callies and his band of youth worked at the Martin Luther King plaza in an effort to raise money for the MLK statue. Some Saturday’s he ventured to the south, west and north side of San Antonio but most of the solicitation was from the Eastside community.

In 1987, the city finally recognized the work that Rev. Callies was doing and the impact it had on the nation and join him sponsoring the first annual Martin Luther King Freedom march. Rosa Parks join the march that year and rode in a vintage city bus similar to the one used in 1960. The march continued to blossom and the route basically is the same except it ends at Pittman Sullivan Park instead of the MLK plaza.

My Dad never pastored a mega church or held a politically office but interrupted a way of life on the Eastside of San Antonio that was unacceptable. Traffic lights at dangerous intersections, sidewalks on major streets, two bridges to alleviate flooding, summer jobs for economically disadvantage youth, two city parks are just a few of the accomplishments that he worked. It took a lot of courage, long days and nights to achieve the things he worked for because it did not come without resistance on several occasions. But in his toil and strife he recognized that the race is not always given the swift but to the one that endured to the end.

— Arlington R. Callies

Addie Lorraine Walker, SSND, PhD, has been a School Sister of Notre Dame for over 30 years. She served as provincial leader of the Dallas Province of SSND for nine years (2002-2011). Currently, she is Associate Professor of Pastoral Theology and founder and Director of the Sankofa Institute for African American Pastoral Leadership at Oblate School of Theology in San Antonio, TX. Following the completion of a PhD in Religion and Education from Boston College in 1996, S. Addie Lorraine has continued to minister as pastoral and practical theologian in university, high school, and parish settings, as well as in seminary formation and ongoing formation programs and retreats for religious congregations across the country.

Addie is committed to working with both the Texas and Missouri intercommunity novitiate programs, since 2000 providing workshops on vowed life, discernment and community life. She also has facilitated retreats for various congregations, workshops on the contemporary living of the vows, and religious community life today: building communities of peace, justice and reconciliation.

Addie Lorraine is one of the contributing authors to the soon to be published book on the Apostolic Visitation, Power of Sisterhood: Women Religious Tell the Story of the Apostolic Visitation. Her other current research and writing interests include spirituality and culture, SSND spirituality, the spirituality of religious life today, formation for contemporary living of religious life, Christian Education in the 19th and 20th centuries, reading and reflecting on Catholic Social Teaching from a Black Perspective, and dialogue as a strategy for transformative education.

My name is Bishop Shawn D. Yancey born in Chicago Illinois. Married to my wonderful wife Evangelist Shontell P. Yancey. I have 9 children and 9 grandchildren. I graduated from Catholic school in the late 80’s. I’m studying theology now. Reading the Bible is my favorite book. I always had a passion to know God in my early years. I even wrote while in grade school Bishopyancey4841@yahoo.com as my email, not knowing what God had planned for me. I’m the Pastor and Founder of Faith and Deliverance Life Changing Ministries in Hurst, Texas. My favorite part of my life is that I can witness to people and reach souls.”

MARCHERS LEAVE FOR PITTMAN SULLIVAN PARK
Dr. John Robert “Bobby” Adolph was born April 9, 1966 in Houston, Texas to the late Seymour V., Sr. and Barbara Jean Adolph. He attended East Houston Elementary School, Kirby Middle School and Smiley Senior High School. He entered Texas Southern University on full scholarship in 1984 and received a BBA Degree in December 1989. After being ordained in the ministry by his father, Rev. Seymour Adolph, Sr., at New Hope Baptist Church, Houston TX., in 1992 he continued matriculating at Morehouse School of Religion in Atlanta, GA. While in Georgia he met and married the love of his life, Dorrie Eileen and they are now the proud parents of two children, Sumone and Jonathan.

Upon graduation from Morehouse with a degree of Master of Divinity, Pastor Adolph was called to become the Under Shepherd of Antioch Missionary Baptist Church in Beaumont, Texas. He accepted this call and has continued to lead the flock for eighteen years. In pursuit to further his education and his desire to learn more of the teachings of religion, he entered the Houston School of Theology and graduated with his doctorate degree.

Pastor Adolph is active in many facets of both religious and community affairs. First and foremost he is the Pastor of Antioch Missionary Baptist Church; he is on the Board of Directors for Memorial Herman Baptist Hospital, the Board of the National Baptist Convention, Inc. of America, the Board of the I Have a Dream program, the President of the Southeast Chapter of One Church One Child adoption agency, member of the Ministerial Alliance, the CEO of Jehovah Jireh Village, Omega Psi Phi fraternity member, One Hundred Black Men of Greater Beaumont member and an active community advocate.

This man of the cloth arrived in the Beaumont area with a vision. Because of his foresight, the church purchased 29 acres of land and the fast growing membership moved from their location on Washington Blvd. and constructed a new edifice at 3920 W Cardinal Dr. In 2011 an additional youth building was erected that encompasses Evolution Academy, a charter school. Still visualizing, Pastor Adolph instrumented for the first time ever by a church, the opening of new streets by the City of Beaumont. As CEO of Jehovah Jireh Village, he piloted the building of affordable homes for low to middle income families and first time homebuyers with forthcoming plans for Senior Citizen Apartments and Townhomes.

Pastor Adolph is well known for his teaching and preaching. He can be seen on TBN, Impact Television and Sunday morning worship on Streaming Faith. He has traveled extensively all over the United States in addition to Africa and Oxford, England. He is the author of five bestselling Christian books and is best known for the sermon “Somebody Go Get Leroy”. He has a daily devotion blog and a weekly conference prayer line. Most recently, he has established the Community Tabernacle Church which is located in the San Jacinto mall in Baytown, Texas. He has also instituted an extension of the Grace School of Theology for the training of those interested in ministry. One of Pastor’s prime objectives is to reach lost souls and those who are unsaved. To this extent, he has motivated members to reach out and envelope a platform known as “Here We Grow Again”. This awesome group has developed home study groups and classes that contact persons within the church and community and invite them to join in bible study in their homes or at church.

This man of God’s messages have reached from the ghetto to the White House, to overseas and to the men and women of our armed forces. He believes in vision with a mission and that if God can’t fix it, nobody can. God can handle it.

Robert D. Bullard is often described as the father of environmental justice. He is the former Dean of the Barbara Jordan-Mickey Leland School of Public Affairs at Texas Southern University 2011-2016. Professor Bullard currently is Distinguished Professor of Urban Planning and Environmental Policy. Prior to coming to TSU he was founding Director of the Environmental Justice Resource Center at Clark Atlanta University. He received his Ph.D. degree from Iowa State University. He is an award-winning author of eighteen books that address sustainable development, environmental racism, urban land use, industrial facility siting, community reinvestment, housing, transportation, climate justice, disasters, emergency response, and community resilience, smart growth, and regional equity. He is co-founder of the HBCU Climate Change Consortium. Dr. Bullard is a proud U.S. Marine Corps veteran.

He was featured in the July 2007 CNN People You Should Know, Bullard: Green Issue is Black and White. In 2008, Newsweek named him one of 13 Environmental Leaders of the Century. And that same year, Co-op America honored him with its Building Economic Alternatives Award (BEA). In 2010, The Grio named him one of the “100 Black History Makers in the Making” and Planet Harmony named him one of Ten African American Green Heroes.

His latest books include Race, Place and Environmental Justice After Hurricane Katrina (Westview Press, 2009), Environmental Health and Racial Equity in the United States (American Public Health Association Press, 2011), and The Wrong Complexion for Protection (New York University Press, 2012). In 2013, he was honored with the Sierra Club John Muir Award, the first African American to win the award. In 2014, the Sierra Club named its new Environmental Justice Award after Dr. Bullard. In 2015, the Iowa State University Alumni Association named him its Alumni Merit Award recipient—an award also given to George Washington Carver (1894 ISU alum) in 1937. In 2017, the Children Environmental Health Network presented him with the Child Health Advocate Award.

In 2018, the Global Climate Action Summit named Dr. Bullard one of 22 Climate Trailblazers. And in 2019, Apolitical named him one of the world’s 100 Most Influential People in Climate Policy, Washington State University honored him with the William Julius Wilson Award for the Advancement of Justice and Climate One named him the Stephen H. Schneider Award for Outstanding Climate Science Communication.

COLD TREATMENT

January 12, 2020
9am - 12pm

Time Saving
Unlike other ‘cooling’ treatments such as the use of ice packs where the patient resting for a long period of time, each ice treatment generally lasts up to 5 minutes per session. Cryo stimulation reduces injury recovery time so that all can resume rehabilitation earlier and lower drug intake.

Pleasure
Bathing in the streams of the cold air feels much more comfortable than usual methods involving cold water ice baths that contain almost zero moisture. As a bonus, the cold triggers the production of endorphins called “feel-good” hormones, which induce feelings of euphoria. This encourages return visits.

Natural Healing
Cryo stimulation involves the activation of natural body defenses making it totally safe.
