Dear Friends and Residents,

I'm delighted to report that we have had great progress in resolving a drainage issue in Blossom Creek, updates are below. I am also working with Stone Oak and Roger's Ranch Home Owners Associations on some traffic safety issues so future updates are forthcoming. Working to respond to the needs of our neighborhoods is my top priority and I need you to keep me informed on those issues. We receive and follow-up on a large number of citizen issues and this weekly newsletter is one way I try to keep everyone informed on some of those issues as well as our progress in combating them. One of the Neighborhood topics that we are working on is a Public Meeting with Walmart. However, due to scheduling conflicts, the meeting that we planned in conjunction with the NNOD meeting on April 14th will have to be rescheduled for a future date. *For your information, NNOD will still hold its regular Neighborhood meeting on that day, contact Chuck Saxer for more details at cpsaxer@att.net.*

The City Council is in session next week, please click [HERE](#) for the current agenda. As always, if there are topics you would like to

Resolution: Blossom Park Neighborhood Association (BPNA) Water Drainage Issue

As a result of our first Java with Joe in late January, I learned about the Blossom Park Neighborhood Association/Mud Creek drainage issues. I am pleased to inform you that the Blossom Park drainage improvements are now completed including the final application of hydro mulching. Thank you to Lee and Sherry Shaw, Art and C.J. Gonzalez, Ray Seymour, Marilyn Jowdy, Mike Pickett, Laura Lye and the other members of the Blossom Park Neighborhood Association for bringing this issue to my attention before resolving it became even more costly to the neighborhood and the City.
